GOVERNANCE SYSTEM

2.10010 BP

The chancellor shall support an appropriate governance system, which provides for intercommunication of ideas and feelings. This system shall provide for:

- (1) participation by faculty, staff, administrators and, as appropriate, students in shaping the mission and goals of the district; and
- (2) review and advice by district employee groups and, where appropriate, student associations on matters relating to employee working conditions and benefits, and district policies and regulations.

This governance system shall be advisory to the chancellor.
