

METROPOLITAN COMMUNITY COLLEGE

BOARD POLICY

2.25030 BP

FINANCIAL AID CODE OF CONDUCT

2.25030 BP

In concurrence with its philosophy and goals, the board believes opportunities for higher education should not depend upon a student's financial circumstances and that when students choose to take advantage of available financial assistance programs, they should fully understand and be provided assistance to self-manage their financial information. The board authorizes the chancellor to establish regulations governing the administration of financial aid to students.
