REIMBURSEMENT FOR LOST OR DAMAGED PROPERTY

7.40040 BP

Because the district is obligated to protect all district property, the chancellor shall establish fair charges for breakage or damage caused during normal use, and for the loss of books, equipment, or supplies.

Adequate written notices shall be given to students indicating the amounts due the district for damage or loss of college property, with a request for prompt settlement and a notice that registration can be cancelled or that grades or transcripts shall be withheld for failure to comply. If it is necessary to cancel registration for such a reason, a student may be reinstated immediately upon clearing the obligations.
