**CATALOG DESCRIPTION**

This course will present to the student techniques and information for investigating deaths, sex crimes, assaults, stealing, robbery, property crimes, burglary, bombs and arson. Examine evidence, collection and crime laboratory analysis procedures will also be presented.

**PREREQUISITES**

CRJU 203

**EXPECTED STUDENT OUTCOMES IN THE COURSE**

Upon completion of this course, the student will be able to:

1. Identify and demonstrate basic investigation techniques for deaths, sex crimes, assaults, stealing, robbery, property crimes, burglary, rape, child abuse, bombs and arson.
2. Identify and collect and interpret evidence relating to each type of crime.
3. Identify the types of evidence that require the services of a crime scene technician and crime lab services.
CLASS-LEVEL ASSESSMENT MEASURES
Student accomplishment of expected student outcomes will be assessed using the following measures.
(Identify which measures are used to assess which outcomes.)
1. Multiple Choice Exam (1-3)
2. Essay Exam (1-3)
3. Role play exercises (1-3)

PROGRAM-LEVEL OUTCOMES ADDRESSED

GENERAL EDUCATION OUTCOMES
Specify which general education outcomes, if any, are substantially addressed by the course by completing the “Course/Program Assessment Matrix” to show the relationships between course and program outcomes and assessment measures.

OCCUPATIONAL PROGRAM OUTCOMES
Specify which occupational program outcomes, if any, are substantially addressed by the course by completing the “Course/Program Assessment Matrix” to show the relationships between course and program outcomes to assessment measures.
Individual instructors may order this outline as fits the needs of their individual courses. In addition, they may place more emphasis on some areas than others. What is assured is that this particular list is covered in the course. Other topics may be added to a course as the instructor sees fit to do so, and as time and interest allows. An *asterisk can be used to mark an item as optional.

I. Property crimes
