ATTACHMENT 1 TO THE DUAL ADMISSIONS PROGRAM

What is dual admission?
The Dual Admissions transfer program has been developed to help bridge the transfer process from participating community colleges and Park. Students already enrolled in a community college apply for admission to Park as the end of their first year or 24 credit hours, with the intent to transfer to Park at the end of their second year or earlier. While dually enrolled, each semester, the community college will forward an official transcript to Park in order to run a degree audit (advising) report. This report will update the student as to how their community college courses transfer to Park and can be viewed on-line by both the student and his/her advisor.

What are the advantages?
This cooperative venture allow the student to:
- Take advantage of the low tuition charges at both institutions
- Achieve an associate degree and a bachelors degree from two quality institutions
- Obtain academic advising each semester from both institutions.
- Obtain Park ID Card that provides access to athletic events, the Park University Library, as well as special student discounts for cultural events and programs.

Who should seek dual admission?
Any student who has completed at least 24 hours of college credit, and is considering transferring to Park University in the future.

How do I Apply? Just go online to:
http://www.park.edu/admissions/
and submit your application or for other information.

Once accepted, students will have access to their degree audit (evaluation) online. This report will be updated each semester
