PAPER PRESENTATION GUIDELINES

Accepted Formats

This category is intended for philosophy, history, literature, and similar projects. Presenters may either read or recite their works at the event. Students will work with their faculty mentor to hone their technique and delivery. The formatting of the paper will match the discipline's expectations.

Materials

Presenters may use a visual aid. However, if the presenter feels that a PowerPoint slide is necessary for their project, please consider submitting a proposal for a poster presentation instead.

Time Limit

Presentations should not exceed 10 minutes. Afterward, presenters will have a Q&A session with the audience for 5 minutes. Total presentation time should not exceed 15 minutes.
