

ACCELERATE YOUR CAREER WHILE IN HIGH SCHOOL!

MCC-LONGVIEW AUTOMOTIVE EARLY COLLEGE ACADEMY

High school juniors across Kansas City's metro can launch their automotive career early at MCC-Longview.

At the two-year Early College Academy you earn credits in one to two auto classes each semester. You'll get hands-on experience with

- Engine Repair & Engine Performance
- Electrical & Electronics and HVAC
- Manual and Automatic Transmissions
- Brakes and Suspension and Steering

and even have the option to complete an internship at a local shop.

Graduate high school AND have enough experience and credits to complete your degree early in Automotive Technology at MCC!

PLUS: you'll be prepared to sit for the industry-standard ASE Automotive exams.
