

Metropolitan Community College
Commencement 2022

A MESSAGE *from the* MCC BOARD OF TRUSTEES

Dear Graduates,

On behalf of the MCC Board of Trustees, congratulations! We are proud of the growth that you have demonstrated over the course of your time at Metropolitan Community College. You have worked incredibly hard to overcome many challenges, including adapting in the face of a global pandemic. You are history-makers. Years from now, when you recount this time in your life, you will remember all the personal challenges presented by the COVID-19 pandemic. I hope you will also remember the triumphs, and one of those is that you managed to complete your studies and graduate from MCC.

Our lives have been divided into “Before COVID” and “After COVID.” What does this mean for 2022 graduates? I believe you will define the post-COVID generation. After surviving a worldwide pandemic that has stolen so much from the human race, you may have a new perspective on America’s health-care system and whether all Americans have equal access to that care. What other issues will you confront? How might you make a difference?

On your next adventure, remember all that you have learned thus far and to keep your head up as you leap into your next chapter. No matter how far you go, we hope that you continue to always feel a sense of belonging at MCC.

Fulfilling an educational goal is a tremendous achievement, especially during a time of much stress and struggle. We commend you!

Congratulations from all of us on the MCC Board of Trustees. Now go change the world for the better.

Sincerely,

A handwritten signature in black ink that reads "Trent Skaggs". The signature is written in a cursive, flowing style.

Trent Skaggs
President, MCC Board of Trustees

A MESSAGE *from the* CHANCELLOR

Dear MCC Graduates,

On behalf of Metropolitan Community College faculty, staff and administrators, it is my pleasure to welcome you to our 2022 commencement ceremony.

Completing a degree or certificate requires a great deal of tenacity and hard work in normal times, but COVID-19 has tested us all in unexpected ways. The path may have been rocky at times, but you made it! This is a day to celebrate!

Commencement is my favorite day of the year – a time to look back in gratitude at all that was accomplished and a time to look forward to the possibility of tomorrow with renewed purpose. You, the students of MCC, inspire us in everything we do, and it brings us tremendous pride to honor your achievement.

All the best,

A handwritten signature in black ink, which appears to read "Kim Beatty". The signature is fluid and cursive.

Dr. Kimberly Beatty
Chancellor, Metropolitan Community College

JESSICA ANN LOWE
MCC-MAPLE WOODS
CLASS OF 2022

COMMENCEMENT STUDENT SPEAKER

No doubt many of this year's grads experienced normal MCC and pandemic MCC. In Jessica Lowe's case, she landed on the Maple Woods campus in the fall of 2019 and then, the following March, everything changed. Hello, virtual classes!

When Maple Woods and the other campuses fully reopened last fall ("The Pack is Back"), Lowe signed up for in-person classes as well as a few online. "I enjoyed virtual learning in a lot of ways, but I like learning in the classroom better," she says. "I like to be able to speak to my instructors face to face." Also, she just missed the energy of being on campus.

Among her experiences at MCC-Maple Woods: serving as president of the Student Government Association. Getting involved was kind of a lark, as she described it in an essay for a scholarship. "When I first started here, I met two students that wanted me to join their club," she wrote. So she did.

Being active in SGA and other groups — including Campus Activities Board and Phi Theta Kappa academic honor society (which runs the Maple Woods food pantry) — allowed her to make great friends, acquire leadership skills and come out of her shell. She also worked on campus as an art studio lab assistant.

"The one thing I will remember most is that I felt like I belonged here," Lowe says. "Students and staff make you feel welcome and embrace you. I wear cochlear implants to help me hear, and no one here ever made me feel like I was different or that I didn't belong. They encouraged me and had confidence in my abilities. Not only did they believe that I could express and be a voice for myself, but I could be a voice for other students."

Lowe, 22, is a 2019 graduate of Kearney High School and the daughter of Jeff and Julie Lowe. She earned a Missouri A+ Scholarship in high school, which paid almost all her tuition for an MCC associate degree.

"I am so glad I have gotten to work with Jessica these past couple of years. I have watched her grow into an outstanding leader and representative for the MCC Wolf Pack," says Kaitlyn Kelly, Campus Life & Leadership coordinator at Maple Woods. "She is always a friendly face and looks for ways to make sure everyone feels welcome."

Lowe is graduating from MCC with an associate in arts degree.

What's next? She'll transfer to Park University to work on a bachelor of fine arts degree with a focus on photography and graphic design.

ESTHER GEORGE
PRESIDENT AND
CHIEF EXECUTIVE OFFICER,
FEDERAL RESERVE BANK
OF KANSAS CITY

COMMENCEMENT KEYNOTE SPEAKER

Esther George was born and raised on a farm in Faucett, Missouri (population 831), where her family raised cattle and grew corn and soybeans.

In utter contrast to these humble beginnings, George has served as president and chief executive officer of the Federal Reserve Bank of Kansas City since 2011, arguably making her one of the most powerful and influential economic decision-makers in the United States.

So how did a farmer's daughter become the first female Fed president in the 105-year history of our nation's centralized banking system? George's recipe for success encompasses perseverance, humility, expert listening skills and a dash of solid guidance from caring mentors.

On the "Women in Economics" podcast, George shared that she received a life-changing nudge from a French teacher who encouraged her to take the only foreign-language class offered at her small, "very rural" high school.

George initially balked, doubting she would ever need to know French.

"Because of her encouragement, not only did I take that course, but I became a foreign exchange student, and I spent a summer in Europe," George said. "And, through her influence, I began to see the world in much broader terms than I might have otherwise, given my experiences to date."

After high school, George completed a bachelor's in business administration at nearby Missouri Western State University in St. Joseph. Then, she "decided to head to the big city — Kansas City."

Soon thereafter, in 1982, she saw an ad in the newspaper for a bank examiner job. Thinking it sounded interesting and would give her an opportunity to travel more, George applied and landed the position — her first with the Federal Reserve Bank of Kansas City. Her career there has spanned nearly four decades and a variety of roles.

George became vice president and chief operating officer in 2009 before landing the top job two years later.

As president of the Kansas City Fed, George directs Federal Reserve activities in a seven-state region with offices here and in Omaha, Oklahoma City and Denver. She is also a member of the Federal Open Market Committee, the body responsible for setting U.S. monetary policy by adjusting the availability and cost of credit to promote the nation's economic and financial stability.

The Kansas City Fed is one of 12 regional Federal Reserve Banks in the U.S. This system of central banks ensures there is a ground-level connection between local economies and the federal banking system.

George earned a master's in business administration from University of Missouri-Kansas City. She is also a graduate of the American Bankers Association Stonier Graduate School of Banking and the Stanford Graduate School of Business.

MARK LONG
METROPOLITAN
COMMUNITY COLLEGE
CLASS OF 1993

MCC FOUNDATION DISTINGUISHED ALUMNI AWARD

What was Mark Long like as a recent high school grad starting classes at Metropolitan Community College back in 1991? “I think I had goals and ambitions, but they weren’t targeted,” he says. “I sure didn’t know what my vocation was going to be.”

And, well, “there may have been times when I wasn’t a good student, but I have chosen to block those out of my memory,” Long jokes. But he does know this: He’d worked from the age of 13, including summertime construction jobs. Looking back, he can say with certainty that his work ethic served him well.

Since 2019 he has been president and chief executive officer of Newmark Zimmer, one of the largest commercial real estate firms in the Midwest. Long has worked there since graduating from Rockhurst University, where he studied business, in 1995. (His first job title was probably “associate” — which “I think I gave myself.”) Growing up in the Lee’s Summit area, he started college at MCC’s Longview campus, earning an associate in arts degree in 1993.

He is the second recipient of the Metropolitan Community College Foundation’s Distinguished Alumni Award, which recognizes graduates who have brought honor to the College through professional achievements, leadership and community impact. The inaugural award was presented at MCC’s 2021 commencement ceremony.

Long “tackles every day with an unbelievable amount of energy, enthusiasm and sense of purpose,” says Matt McFadden, a member of the MCC Foundation board of directors and a Newmark Zimmer colleague. “He’s built his success completely from the ground up, with both tenacity and integrity.”

Long says that in the real estate business, “we’ve learned how important it is to keep top talent in Kansas City, and MCC helps serve that role for the community today.” Many students come here to learn a trade; many earn an associate degree, transfer and then enter the job market. But MCC also provides job training to employees of businesses moving into Kansas City, Long notes.

His company, Newmark Zimmer, handles more than 500 real estate transactions annually, notching nearly \$1 billion in annual sales and leasing value. The firm has been involved in some of the area’s most significant projects, including the \$1.4 billion U.S. Department of Energy National Security Campus in south Kansas City. Among the organizations, honors and volunteer activities on Long’s resume, he has served on the international board of directors of the Society of Industrial and Office Realtors and is one of just 1,000 members (in 21 countries) of the Counselors of Real Estate.

Mark and his wife, Aimee, have two kids: Anna, 19, and George, 16. They live at Lake Winnebago.

It wouldn’t be graduation season without advice for the cap-and-tassel crowd, and Long, too, has some wisdom to impart. For those just out of high school: “A stop at MCC would be a very good solution for a lot of young adults who are considering what their next steps are.”

And for the #MCCGrads2022 in the arena tonight: “Endless opportunities are presented to people who are looking for them,” Long says. “When a door opens, consider it, look at it, be positive about it.”

Metropolitan Community College also acknowledges its adjunct faculty, staff employees and administrators for their dedicated work and commitment to student success.

OUR HISTORY

Metropolitan Community College is the oldest public institution of higher learning in Kansas City, Missouri. Founded downtown in 1915 as the Kansas City Polytechnic Institute, the new post-secondary school became known as the Junior College of Kansas City in 1919. It was one of the first two-year colleges in the country to award an associate degree. The college moved to a former junior high school at 38th and McGee streets in 1942.

The Kansas City Board of Education was the college's governing body until 1964. That year, seven suburban school districts — Belton, Center, Grandview, Hickman Mills, Lee's Summit, North Kansas City and Raytown — joined forces with the Kansas City district to create the Metropolitan Junior College District. A Board of Trustees was elected by citizens in the newly formed college district.

As the metropolitan area grew and spread out, so did MCC, opening the Longview, Maple Woods and Penn Valley campuses starting in 1969. In the 1980s and '90s, the Blue Springs, Park Hill, Independence and Fort Osage school districts joined the MCC district, and in April 2021, the Grain Valley, Liberty and Oak Grove districts joined. The number of K-12 school systems that are "in-district" with the community college now stands at 15.

The Blue River and Business & Technology campuses opened in 1997 and 2002, respectively.

In 2005, the institution that had been calling itself Metropolitan Community Colleges dropped the "s" to become Metropolitan Community College — one college with multiple campuses. The first unified, all-campus commencement was held in May 2012 at Municipal Auditorium.

In December 2021, MCC closed the Business & Technology campus after relocating all of its workforce programs to new and updated facilities at Penn Valley and Blue River.

With multiple degree options offered exclusively through online coursework, MCC-Online is considered the College's fifth campus.

Today, MCC offers 120+ associate degree and certificate programs. The College serves about 20,000 students annually through credit and noncredit courses and business services.

ACADEMIC REGALIA

The origins of academic regalia date back to the 12th and 13th centuries, when universities were taking form. The first gowns were patterned after the dress of the cleric and were believed to be a necessity for warmth in unheated buildings. Hoods were designed to serve as cover for the tonsured head. Caps were not used at that time. It wasn't until late 19th century that colors were assigned to signify degrees. The color used should be indicative of the subject to which the degree pertains. For example, the velvet for the degree of Master of Science in Education should be light blue, representing education, rather than gold, representing science. No academic hood should ever represent more than a single degree. In the case of the Ph.D. degree, the dark blue color is used to represent the mastery of the discipline of learning and scholarship in any field that is attested to be the awarding of this degree and is not intended to represent the field of philosophy.

Among other academic credentials, Metropolitan Community College confers Associate Degrees. The Associate Degree typically represents successful completion of two years of collegiate work above the level of secondary school. It is the youngest in the family of major academic degrees, but its origin goes back more than a century. Its first use may be traced to England, where the University of Durham authorized it as early as 1856. It was first used in the United States at the University of Chicago in 1900 under the influence of President William Rainey Harper. Over the following two decades, the University of Chicago conferred more than 4,000 Associate Degrees (Associate in Arts, Associate in Literature and Associate in Science) on graduates of its junior college division.

The Associate Degree is often thought of as a junior or community college degree and is currently awarded by some 1,200 such colleges, but it is by no means limited to them. At least 250 other institutions, including four-year universities, liberal arts colleges, technical institutes and theological institutions, also award it.

For all academic purposes, the colors associated with the different disciplines are as follows:

Apricot	Nursing	Olive	Pharmacy
Brown	Fine Arts	Orange	Engineering
Crimson	Journalism	Peacock Blue	International Studies
Copper	Economics	Pink	Music
Dark Blue	Philosophy	Purple	Law
Golden Yellow	Social Work	Russet	Forestry
Gray	Veterinary Science	Sage Green	Physical Education
Green	Medicine	Salmon Pink	Public Health
Lemon	Library Science	Silver Gray	Speech
Light Blue	Education	Scarlet	Theology
Light Brown	Business	White	Arts, Letters and Humanities
Lilac	Dentistry	Yellow	Science
Maize	Agriculture		

A MESSAGE *from the* FOUNDATION BOARD OF DIRECTORS

Dear 2022 MCC graduates,

On behalf of the MCC Foundation Board of Directors, I am thrilled to congratulate you on your graduation and welcome you to the Metropolitan Community College alumni family. Many thousands of highly successful people — like Ewing Kauffman, Kansas City Mayors Sly James and Charles Wheeler, and Jackson County Executive Frank White, to name a few — have gotten their start at MCC. You're in excellent company!

Through our legacy of providing scholarships and assistance to hundreds of members of the MCC Wolf Pack each year, the MCC Foundation is proud to play a small part in helping many of you reach your educational goals. Last year the MCC Foundation awarded more than \$634,000 in scholarship dollars and helped 598 students across the five MCC campuses pursue the dream of an education.

Generous donors make it possible for us to grant scholarships, and the best way for recipients to say “thank you” is by paying it forward and helping others.

As you move on to your next chapter, we encourage you to keep in touch with your fellow MCC alumni and with us. We can't wait to hear about the great things you'll accomplish in your career and life as you continue your journey. Be sure to take just a moment to share your alumni information with us at mccckc.edu/alumni, and we'll send you a gift.

Sincerely,

A handwritten signature in black ink that reads "Matt Johnson". The signature is written in a cursive, flowing style.

Matt Johnson
Chair, MCC Foundation Board of Directors

STAND UP & BE COUNTED

On behalf of the Metropolitan Community College Foundation, congratulations on your achievement. It is with great pleasure that we welcome you to a group that is thousands of people strong. Since 1915, we've been educating Kansas City's workforce. Now, you join them as another proud alumnus of Kansas City's premier educational institution.

We're excited to see where your MCC degree or certificate takes you, and we hope that you'll keep in touch with us. The support of the MCC family continues well after you graduate. Our goal is to help alumni connect with one another so your ties to MCC remain strong. We look forward to providing opportunities that allow you to strengthen your bond with MCC, either in person or virtually. We encourage you to take full advantage of our programs and events, including career networking, social gatherings, faculty and staff presentations, art openings, sporting events and volunteer opportunities.

STAY CONNECTED
