

Metropolitan Community College
Commencement 2024

A MESSAGE *from the* MCC BOARD OF TRUSTEES

Dear Graduates,

On behalf of the MCC Board of Trustees, congratulations on reaching this milestone moment!

In your time at MCC, you have undoubtedly grown as a student and a person. You have embraced new experiences, overcome challenges, broadened your horizons and gained valuable skills and understanding. You are more than prepared to move confidently into your next chapter.

No matter how far you go in your education and career, I hope you always feel a sense of belonging at MCC.

As you continue evolving and defining yourself in the years ahead, it is my sincere wish that you will remember the lessons you learned at MCC, be brave in confronting the issues that matter to your generation and those that follow, and always look for ways to make a positive difference in the world.

Sincerely,

A handwritten signature in black ink that reads "Trent Skaggs". The signature is written in a cursive, flowing style.

Trent Skaggs

Retired, Past Chair, MCC Board of Trustees

A MESSAGE *from the* CHANCELLOR

Dear MCC graduates:

On behalf of the faculty, staff and administration of Metropolitan Community College, it is my pleasure to welcome you to our 2024 commencement ceremony.

Regardless of the route that brought you to this milestone day, a great deal of time, hard work and commitment went into earning your degree or certificate. You made it, and now it's time to celebrate!

Take delight in the journey's end, but recognize that commencement is really a beginning — a precursor to all the amazing things you have yet to achieve. There will be countless bittersweet goodbyes exchanged today, yet commencement remains my favorite day of the year. It's the perfect time to look back and reflect with gratitude and satisfaction at all that you have accomplished, and look forward with invigorated hope toward all that lies ahead.

I have no doubt that the Class of 2024 will continue to achieve great things, and it brings us tremendous pride to honor your achievement.

All the best,

A handwritten signature in black ink, which appears to read "Kimberly Beatty". The signature is fluid and cursive, with a large, stylized initial "K".

Dr. Kimberly Beatty
Chancellor, Metropolitan Community College

DARELLE WABO
METROPOLITAN
COMMUNITY COLLEGE
CLASS OF 2024

COMMENCEMENT STUDENT SPEAKER *afternoon ceremony*

It would be challenging to find someone more active on campus than Darelle Wabo, but it didn't start out that way.

After graduating from Lee's Summit West High School in 2022, "I didn't know what I wanted to do with my life." Though she'd earned a Missouri A+ Scholarship that would cover her MCC tuition, "I wasn't sure if I wanted to attend community college." She was in limbo.

But her mom had studied here to become a registered nurse — "she knew MCC is affordable and a good education" — and Wabo heard from peers that community college is "a great place to figure out who you are."

At MCC-Longview, Wabo turned a corner her second semester after joining "a multitude of clubs" and Longview's Student Government Association. In SGA, she pretty much held all the positions: senator, treasurer, vice president and this year president. She also was elected vice president for fellowship in Longview's chapter of the Phi Theta Kappa academic honor society. Speaking of PTK, this spring Wabo was named a Coca-Cola Academic Team Silver Scholar, an honor that includes a \$1,250 scholarship.

At MCC, Wabo learned that she loved leadership. In fact, her people skills helped her land on a career goal, to work as an IT product or project manager. "I felt an innate call to leadership" because she noticed during group projects that fellow students would turn to her to get organized.

Two of her campus causes involved food: collecting student signatures on a petition for hot lunch options from new vendors and working with student organizations to raise money and hold donation drives for the Grocery Hub, Longview's food pantry.

Wabo, 20, has also worked as a tutor in the writing studio at Longview.

These days the initially reluctant community college student, about to graduate with an associate in arts degree, is "actually sad thinking about leaving. It makes me wanna cry." She's planning to continue her studies at the University of Central Missouri in Warrensburg.

First, though, she has a commencement address to deliver. "Take every opportunity that you can and don't be afraid of criticism and judgment," Wabo says. Self-improvement should be a goal. Gaining confidence "was a process for sure."

But look at then vs. now. She was timid, shy and uncertain when she arrived at college. "And now I'm known for being very extroverted and funny." What a difference two years can make.

ERIN FOX
METROPOLITAN
COMMUNITY COLLEGE
CLASS OF 2024

COMMENCEMENT STUDENT SPEAKER *evening ceremony*

If today's the day everything goes south, you could do a lot worse than having Erin Fox come to your rescue. "I'm very good at organizing chaos, and I'm a bit of an adrenalin junkie," she says. You can also thank her upbringing in a four-letter state just to our north: "I grew up with the 'Iowa Nice' mentality." If she sees a wreck, she will stop to help.

If you're thinking Fox would make an excellent police officer or sheriff's deputy, she's one step ahead of you. The Kansas City mother of three graduated from MCC-Blue River's Police Academy last December with a police science certificate and is pursuing a career in law enforcement. Ultimately, she'd love to work in investigations or victim advocacy.

But her real dream job would be flying the police chopper. "Throw me in the cockpit any day," Fox says. "Give me a helicopter to fight crime with."

Did we mention her extensive military background and experience with Black Hawk helicopters?

Yes, she spent 14-1/2 years serving her country, mostly in the Army but a smidge in the Navy. She completed her basic training in August 2001 — the summer between her junior and senior years of high school. Just over a month later, the 9/11 terrorist attacks happened.

Fox would go on to be stationed around the country and spend a year in Afghanistan, where "coming under fire was a regular thing." The former combat pilot points out that only the underside of helicopters is armor-plated, and to the enemy, a chopper with a red cross on it just meant "They won't shoot back." She was more nervous about mechanical issues — there were "definitely some close calls." Bird strikes, too.

It's not surprising that at MCC's police academy, Fox was "top shot" in firearms in her class of seven. She was also the only woman. "I've been kind of used to that in my military career," she says.

Now 40 and a stay-at-home mom for about a decade, Fox arrived at Blue River with a lot of college credit hours, including an associate degree. She speaks fondly of her BR classmates, describing future peace officers who brought a range of backgrounds and life experiences into the classroom. The same is also true of MCC's police instructors, Fox says. They were "super enthusiastic about the topic they were talking about."

When we spoke to her, Fox was working on her MCC commencement speech. Her advice for fellow grads: take a "non-linear path" in life, and realize that education is cyclical and lifelong. She knows because she's lived it.

DANAN HUGHES

ATTENDED
METROPOLITAN COMMUNITY
COLLEGE-LONGVIEW

2016

MCC FOUNDATION DISTINGUISHED ALUMNI AWARD

“Don’t ever let me see you put your head down .”

These are the impactful words a young Danan Hughes heard from a respected high-school baseball coach during a game in which he had been “lit up” by the other team and was sure he was going to be removed as pitcher.

The moment became a defining one for Hughes, who embraced the importance of never conceding defeat and instead digging deep and showing adversaries you will never back down. Incidentally, Hughes, who just a few years later would play wide receiver and punt returner for the Kansas City Chiefs, wasn’t removed from the game following his coach’s visit to the mound that day. In fact, he fought hard, remained in the game and led his team to victory.

Born and raised in Bayonne, New Jersey (a suburb of New York City), Hughes says baseball was his “first love.”

He played baseball and football at the University of Iowa before being drafted by the Milwaukee Brewers and playing two years of professional baseball.

Hughes made the “very tough decision” to give up baseball and was drafted by the Kansas City Chiefs, where he played from 1993-1998. Teammates included Hall of Famers Joe Montana, Marcus Allen and Derrick Thomas.

Selected as a team captain for four of his years with the Chiefs, Hughes said he was always aware that his performance, efforts and energy impacted the success of the players around him.

“I always felt like I had my brother’s back...I had to do whatever it took for their success,” Hughes said. “I think my teammates must’ve recognized that, and that’s why they valued me as a team leader and as a captain.”

As for academics, Hughes admits he lacked focus in his younger years. He credits his parents for maintaining consistency and high expectations. If he didn’t make grades, his parents benched him. Oh, and he had a curfew until he left for college.

Another important piece of life advice Hughes embodies? If you start something, finish it.

In 2016, nearly three decades after retiring from the NFL and while enjoying undeniable career success in both sports broadcasting and mortgage banking, Hughes made the decision to complete the bachelor’s degree he had started in 1988 at the University of Iowa.

Turns out, Hughes only needed to complete “two pesky classes” to earn his bachelor of arts in communications, and he was grateful to be granted the opportunity to complete both courses at MCC-Longview.

“I’m a testament that you can finish what you started,” Hughes said. “Hopefully other people will recognize that where there’s a will, there’s a way to make it happen.”

As for his advice for the Class of 2024? Hughes says grads should know “hard work pays off” in life just as it did on the path toward that certificate or degree.

“Take that hard work...take that work ethic, and parlay that into the rest of your life,” Hughes said. “Trust me, you will not regret it. The one thing that will always give you peace is the fact that you work hard.”

Hughes is color analyst for the Kansas City Chiefs Radio Broadcast with Mitch Holthus on 106.5 The Wolf, host of the “Players Only” radio show on 610 Sports Radio, and the only color analyst of three major sports (college baseball, football and basketball) for the Big 10 Network, ESPN and Fox Sports. He is also a mortgage loan originator and team lead at Central Bank of the Midwest.

Hughes resides in Lee’s Summit with his wife of 28 years, Tifanni. They have five children (Jessicah, Joey, Taurin, Savvy and Talyn) and three grandchildren (Darrien, Daryn and Daxton).

Metropolitan Community College also acknowledges its adjunct faculty, staff employees and administrators for their dedicated work and commitment to student success.

OUR HISTORY

Metropolitan Community College is the oldest public institution of higher learning in Kansas City, Missouri. Founded downtown in 1915 as the Kansas City Polytechnic Institute, the new post-secondary school became known as the Junior College of Kansas City in 1919. It was one of the first two-year colleges in the country to award an associate degree. The college moved to a former junior high school at 38th and McGee streets in 1942.

The Kansas City Board of Education was the college's governing body until 1964. That year, seven suburban school districts — Belton, Center, Grandview, Hickman Mills, Lee's Summit, North Kansas City and Raytown — joined forces with the Kansas City district to create the Metropolitan Junior College District. A Board of Trustees was elected by citizens in the newly formed college district.

As the metropolitan area grew and spread out, so did MCC, opening the Longview, Maple Woods and Penn Valley campuses starting in 1969. In the 1980s and '90s, the Blue Springs, Park Hill, Independence and Fort Osage school districts joined the MCC district, and in April 2021, the Grain Valley, Liberty and Oak Grove districts joined. The number of K-12 school systems that are "in-district" with the community college now stands at 15.

The Blue River and Business & Technology campuses opened in 1997 and 2002, respectively.

In 2005, the institution that had been calling itself Metropolitan Community Colleges dropped the "s" to become Metropolitan Community College — one college with multiple campuses. The first unified, all-campus commencement was held in May 2012 at Municipal Auditorium.

In December 2021, MCC closed the Business & Technology campus after relocating all of its workforce programs to new and updated facilities constructed at Penn Valley and Blue River.

With multiple degree options offered exclusively through virtual learning, the College began listing MCC-Online as a fifth campus in 2021.

Today, MCC offers 120+ associate degree and certificate programs. The College serves about 20,000 students annually through credit and noncredit courses and business services.

ACADEMIC REGALIA

The origins of academic regalia date back to the 12th and 13th centuries, when universities were taking form. The first gowns were patterned after the dress of the cleric and were believed to be a necessity for warmth in unheated buildings. Hoods were designed to serve as cover for the tonsured head. Caps were not used at that time. It wasn't until late 19th century that colors were assigned to signify degrees. The color used should be indicative of the subject to which the degree pertains. For example, the velvet for the degree of Master of Science in Education should be light blue, representing education, rather than gold, representing science. No academic hood should ever represent more than a single degree. In the case of the Ph.D. degree, the dark blue color is used to represent the mastery of the discipline of learning and scholarship in any field that is attested to be the awarding of this degree and is not intended to represent the field of philosophy.

Among other academic credentials, Metropolitan Community College confers Associate Degrees. The Associate Degree typically represents successful completion of two years of collegiate work above the level of secondary school. It is the youngest in the family of major academic degrees, but its origin goes back more than a century. Its first use may be traced to England, where the University of Durham authorized it as early as 1856. It was first used in the United States at the University of Chicago in 1900 under the influence of President William Rainey Harper. Over the following two decades, the University of Chicago conferred more than 4,000 Associate Degrees (Associate in Arts, Associate in Literature and Associate in Science) on graduates of its junior college division.

The Associate Degree is often thought of as a junior or community college degree and is currently awarded by some 1,200 such colleges, but it is by no means limited to them. At least 250 other institutions, including four-year universities, liberal arts colleges, technical institutes and theological institutions, also award it.

For all academic purposes, the colors associated with the different disciplines are as follows:

Apricot	Nursing	Olive	Pharmacy
Brown	Fine Arts	Orange	Engineering
Crimson	Journalism	Peacock Blue	International Studies
Copper	Economics	Pink	Music
Dark Blue.....	Philosophy	Purple.....	Law
Golden Yellow	Social Work	Russet.....	Forestry
Gray	Veterinary Science	Sage Green.....	Physical Education
Green	Medicine	Salmon Pink	Public Health
Lemon.....	Library Science	Silver Gray.....	Speech
Light Blue	Education	Scarlet.....	Theology
Light Brown	Business	White.....	Arts, Letters and Humanities
Lilac.....	Dentistry	Yellow	Science
Maize.....	Agriculture		

A MESSAGE *from the* FOUNDATION BOARD OF DIRECTORS

Dear 2024 MCC graduates,

Congratulations on your graduation, and welcome to the Metropolitan Community College alumni family.

The MCC Foundation works tirelessly to raise scholarship dollars to ensure any student who wishes to further themselves through education has that opportunity at MCC, where our mission is **preparing students, serving communities and creating opportunities for all**. Last year, the MCC Foundation awarded a record \$933,000 in scholarship dollars and helped 762 students across our five campuses pursue the promise of an education.

But as long as there are more students who need assistance, our work is not finished.

It is only through the generosity of donors that the Foundation is able to grant scholarships, and the best way for recipients to say thank you is by paying it forward and helping others.

We can't wait to hear about the incredible things you'll accomplish as you continue your life's journey. Please help us stay in touch with you by taking a moment to share your alumni information with us at mcckc.edu/alumni, and we'll send you a special gift.

Best wishes,

A handwritten signature in black ink that reads "Bret Bonge". The signature is written in a cursive, flowing style.

STAND UP & BE COUNTED

On behalf of the Metropolitan Community College Foundation, congratulations on your achievement. It is with great pleasure that we welcome you to a group that is thousands of people strong. Since 1915, we've been educating Kansas City's workforce. Now, you join them as another proud alumnus of Kansas City's premier educational institution.

We're excited to see where your MCC degree or certificate takes you, and we hope that you'll keep in touch with us. The support of the MCC family continues well after you graduate. Our goal is to help alumni connect with one another so your ties to MCC remain strong. We look forward to providing opportunities that allow you to strengthen your bond with MCC, either in person or virtually. We encourage you to take full advantage of our programs and events, including career networking, social gatherings, faculty and staff presentations, art openings, sporting events and volunteer opportunities.

STAY CONNECTED

- **Go to mccck.edu/alumni and complete your alumni registration.** Once you're registered, you will receive invitations to programs, services and events, and **we will send you a special gift!**
- **Connect with MCC (@MCCKansas City) on social media.**
- **Update your LinkedIn profile;** a network is only as strong as those who join it!
