

Metropolitan Community College  
Commencement 2025

## A MESSAGE *from the* MCC BOARD OF TRUSTEES

---

Dear Graduates,

On behalf of the Metropolitan Community College Board of Trustees, congratulations on your graduation.

Your time at MCC has been more than just an education — it has been a springboard for growth. Reaching this milestone means you have developed valuable skills, expanded your perspectives and proven your resilience and determination. You are now prepared to take the next step, whether that means advancing in your career, continuing your education or building a dream of your own.

No matter where your path leads, you will always be part of the Wolf Pack. MCC is more than a college; it is a community that will always be part of your story. Thank you for making us part of your story.

As you carve out your future, I encourage you to always embrace a mindset of growth and possibility. Use what you have learned not just to find success, but to create it. Be bold in your ambitions, lead with confidence, and seek opportunities to contribute, innovate and make a difference. The future is yours to shape.

Congratulations, Class of 2025! We are proud of you.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Benjamin". The signature is fluid and cursive, with a long horizontal stroke at the end.

President, MCC Board of Trustees

## A MESSAGE *from the* CHANCELLOR

---

Dear MCC graduates:

On behalf of the faculty, staff and administration of Metropolitan Community College, it is my pleasure to welcome you to your 2025 commencement ceremony.

No matter where you started or the unique path you traveled to arrive here, reaching graduation is a testament to your perseverance and hard work. You set a goal, put in the effort and earned your certificate or degree. Now it's time to celebrate!

There will be countless bittersweet, final goodbyes exchanged today, yet commencement remains my favorite day of the year. It's the perfect time to look back and reflect with gratitude and satisfaction at all that was accomplished, and look forward with invigorated hope toward the prospect of all that lies ahead.

The Class of 2025 is prepared to do great things, and we are thrilled to share this moment with you. Congratulations!

All the best,

A stylized, handwritten signature in black ink, likely belonging to Dr. Kimberly Beatty. The signature is fluid and cursive, with a large, prominent 'K' and 'B'.

Dr. Kimberly Beatty

TEDDI DIXON III  
METROPOLITAN  
COMMUNITY COLLEGE  
CLASS OF 2025

## COMMENCEMENT STUDENT SPEAKER *afternoon ceremony*

---

Did you have your life figured out at 19?

Teddi Dixon III does, and she's fast-tracking everything: A year out of high school, she's graduating with her associate degree from Metropolitan Community College. In two years, she expects to have two degrees in business from Missouri Western State University in St. Joseph.

Then she will look for a remote job that allows her and her boyfriend, who will be a travel nurse, to work from home ... on the road. They'll be seeing the U.S.A. in a camper and saving money.

After that, Teddi would love to work in HR or management at a Mosaic hospital. She should be more anchored then, maybe homesteading with other family members at her parents' 20-acre farm in Gower, Missouri.

"To me, the idea behind this is that we can work on building everything together, as a community. ... My sister's dream is to build a one-room schoolhouse where she will teach all of our children."

Her name really is Teddi Dixon III (dad is Teddy Dixon Jr.), even though boys usually get the suffix. This youngest-of-five has one brother, "but my dad says the name Joey felt right for him." Her name is meaningful for Teddi, reminding her she's "the successor of my father and (late) grandfather, who knew the value of hard work and education."

The Dixons used to have a family band, Teddy and the Bears (the Bears being Teddi and her twin sisters). Teddi played a washtub bass and later picked up guitar and ukulele.

At MCC, she completed about half her classes online, although MCC-Maple Woods was her home campus. Her favorite spot in "the Woods": the library.

"The students who come to the library to work are always determined and positive, which I love and relate to," Teddi says. Having peers to encourage her "reinforced my work ethic and helped me stay on top of things."

Teddi holds down two jobs, school or no school. She's the "longest standing" employee of the Plattsburg Country Club, where she might be working the beverage cart, managing the tee sheet or cooking and serving. Second job: being a housekeeper/caregiver for people on Medicaid.

As for her address to fellow grads, Teddi's plan was to muse on the titles with which we identify ourselves. Like *college graduate*. Earning that title, she says, is "a great privilege and honor."

SAMANTHA KUYKENDALL  
METROPOLITAN  
COMMUNITY COLLEGE  
CLASS OF 2025

## COMMENCEMENT STUDENT SPEAKER *evening ceremony*

---

When Samantha Kuykendall, 43, of Blue Springs returned to MCC last year for a third try at finishing her associate degree, she had life experience in her corner. “This would have been way easier at 18,” she says. “Four kids, two jobs and being a full-time student has definitely not been an easy path.”

First attempt: At MCC-Longview after high school, Samantha took 19 credit hours of classes while working 40-plus hours a week. One day she walked off campus and never returned. Attempt 2, about 2011: Online was the plan, but she was staying home with her kids and “made the excuse that I was taking away time from them.”

Later, circumstances compelled her to find employment. But “interviewing for jobs after being out of the workforce (15 years) and not having a degree was definitely humbling.” She was hired as a middle school registrar and eventually became a counseling office secretary at Blue Springs High School, where her children attend.

Samantha would decide she needed to invest in herself. She returned to MCC-Online again, which gets us back to this school year, of being a full-time student with two jobs (her second gig is coach at a cheer gym) and a single mother of four (three boys and a girl, a “huge” motivating force).

And how’s this for a sweet coincidence? Next school year, she and her oldest child, Jaxon, will both attend Missouri State University. It’s fun to imagine mom and son living in the same dorm and taking some classes together, but in reality Samantha will enroll in online courses (starting this summer) and Jaxon will be on campus in Springfield.

Samantha will be earning bachelor’s and master’s degrees in social work, with a goal of becoming a secondary school social worker: “I would like to continue working with students, their families and teachers.”

Her MCC-Online experience has been “amazing,” she says. Instructors have been responsive and helpful, and her advisor has “listened to me cry a couple of times and just been a huge encouragement.”

As for her commencement address, Samantha says she wanted to motivate others by sharing her own story of perseverance.

“My motto has been ‘Just because it is hard does not make it bad.’ I want to encourage others to not give in to fear but to pursue what they were uniquely created to do.”

ANGIE McELHANEY  
METROPOLITAN COMMUNITY  
COLLEGE-PENN VALLEY  
CLASS OF 1995

## MCC FOUNDATION DISTINGUISHED ALUMNI AWARD

---

World-renowned social activist and peacemaker Mahatma Gandhi once said, "Simplicity and humility are two wings that lift us to greatness."

If you're ever fortunate enough to meet or work with Angie McElhaney, this year's distinguished alum, you'll quickly observe it's her humility that sets her apart.

McElhaney is a lifelong learner who has built an impressive career while drawing on her successful background in public accounting, construction and closely held businesses. She knows the key to good business is building solid and meaningful relationships, and she's driven by an innate desire to impact her colleagues and community in positive ways.

McElhaney currently serves as chief financial officer and vice president of finance and accounting for Mark One Electric in Kansas City. She has built a successful career spanning more than 25 years by pairing her solid industry expertise with a natural willingness to listen and learn with an open mind.

A sixth-generation Missourian, McElhaney graduated with her associate in arts degree from MCC-Penn Valley in 1995. She then went on to earn her bachelor's in accounting from the University of Missouri-Kansas City in 1997. Angie credits MCC with helping her align her educational and career goals after having a family as a young adult, but says she most appreciates the way her experience at the College inspired her to be more empathetic and caring.

"Growing up in Moberly (Missouri), all my teachers looked like me," she says. "Attending classes with a diverse faculty and student base at Penn Valley gave me a completely different version of American history."

At MCC, she met and learned alongside individuals from a wide variety of backgrounds, cultures and experiences, which helped her understand that generational change, acceptance and social justice take a painfully long time to build.

She has served on numerous boards within the construction industry, including as recent board chair for The Builders (the local chapter of the Association of General Contractors). She was also named a Woman of Influence by the Kansas City Business Journal (2016) and a Woman to Watch by Missouri Society of CPAs (2015).

When not at work, she enjoys spending time with her family, scrapbooking, genealogy and reading. She lives at Lake Waukomis, Missouri, with her husband, Tim. They enjoy taking boat rides and spoiling their kids, grandson and dogs.

She advises the MCC grads of 2025 to live in the moment and continue pursuing learning on a daily basis.

"Be humble. Be kind. Be curious. Just keep learning. Every single day, learn something new," she says. "Don't let that light ever go out, because it is something that makes life more meaningful."

RAFAEL D'WAYNE HINES

# HONORARY DEGREE

---

Rafael D'Wayne Hines will posthumously receive the Honorary Associate of Humanity Degree at today's 1 p.m. ceremony. This is the first time MCC has conferred an honorary degree.

While enrolled at MCC and pursuing an associate in arts degree alongside his wife, Christine, Hines passed away unexpectedly at the age of 48 on Dec. 31, 2021, from complications related to COVID-19.

Christine graduated from MCC with her A.A. in May 2023. She said Rafael had planned to pursue a degree in business because he knew it would equip him to accomplish more in the areas of youth and community development, which were his passion.

Rafael worked a variety of jobs before launching Success Link Outreach in 2016. The nonprofit organization, which Christine continued running for more than a year after Rafael's passing, provided food, tutoring, advocacy, mentorship and other resources for underserved and marginalized youth in Kansas City.

Rafael's daughter, Christen, 22, said her dad was "always good to people." She said some of her fondest memories are "me and Mom and Dad delivering meals" and "standing in Parker Square handing out meals."

Shonda Hines, one of Rafael's 10 siblings, said it was always a heartwarming, full-circle moment when the young people who benefited from Success Link as children would come back to work for the organization when they were old enough.

Rafael's spirit for entrepreneurship and lifelong commitment to giving back to his community were particularly impressive because he had overcome a number of obstacles in his own life.

At age 10, an accident at home left Rafael with third-degree burns over 35% of his body, and he endured excruciating pain as he healed during a lengthy hospital stay. Then, when he was 22, Rafael and Christine were in a car accident: their car flipped, and Rafael was ejected. Multiple neck and spinal injuries left him with paraplegia, and he used a wheelchair for mobility after that.

Sue Gochis, vice chancellor of student success and engagement, said she was approached by Shonda in 2023 about the idea of honoring Rafael with a posthumous degree. When she found out MCC didn't have a policy or application process in place for such an honor, Gochis initiated the procedure for establishing one.

District Policy 6.10022 was formally adopted by the MCC Board of Trustees in June 2024, establishing five criteria through which a nominee can qualify for an honorary degree. A nominee has to meet only one of the criteria —professional achievement, contributions to society, leadership and influence, alignment with MCC values, impact on MCC — but Rafael meets all of them.

"We used MCC's core values to design the criteria for the award, and I'm excited to be able to present this award to Rafael," Gochis said. "He was the perfect person to receive such an honor, especially as our first recipient ever."

Rafael was inducted into the Kansas City Black Archives in 2022 and is also included in the Smithsonian's National Museum of African American History & Culture in Washington, according to Shonda.

## OUR HISTORY

Metropolitan Community College is the oldest public institution of higher learning in Kansas City, Missouri. Founded downtown in 1915 as the Kansas City Polytechnic Institute, the new post-secondary school became known as the Junior College of Kansas City in 1919. It was one of the first two-year colleges in the country to award an associate degree. The college moved to a former junior high school at 38th and McGee streets in 1942.

The Kansas City Board of Education was the college's governing body until 1964. That year, seven suburban school districts — Belton, Center, Grandview, Hickman Mills, Lee's Summit, North Kansas City and Raytown — joined forces with the Kansas City district to create the Metropolitan Junior College District. A Board of Trustees was elected by citizens in the newly formed college district.

As the metropolitan area grew and spread out, so did MCC, opening the Longview, Maple Woods and Penn Valley campuses starting in 1969. In the 1980s and '90s, the Blue Springs, Park Hill, Independence and Fort Osage school districts joined the MCC district, and in April 2021, the Grain Valley, Liberty and Oak Grove districts joined. The number of K-12 school systems that are "in-district" with the community college now stands at 15.

The Blue River and Business & Technology campuses opened in 1997 and 2002, respectively.

In 2005, the institution that had been calling itself Metropolitan Community Colleges dropped the "s" to become Metropolitan Community College — one college with multiple campuses. The first unified, all-campus commencement was held in May 2012 at Municipal Auditorium.

In December 2021, MCC closed the Business & Technology campus after relocating all of its workforce programs to new and updated facilities constructed at Penn Valley and Blue River.

With multiple degree options offered exclusively through virtual learning, the College began listing MCC-Online as a fifth campus in 2021.

Today, MCC offers 120+ associate degree and certificate programs. The College serves about 20,000 students annually through credit and noncredit courses and business services.

# ACADEMIC REGALIA

The origins of academic regalia date back to the 12th and 13th centuries, when universities were taking form. The first gowns were patterned after the dress of the cleric and were believed to be a necessity for warmth in unheated buildings. Hoods were designed to serve as cover for the tonsured head. Caps were not used at that time. It wasn't until late 19th century that colors were assigned to signify degrees. The color used should be indicative of the subject to which the degree pertains. For example, the velvet for the degree of Master of Science in Education should be light blue, representing education, rather than gold, representing science. No academic hood should ever represent more than a single degree. In the case of the Ph.D. degree, the dark blue color is used to represent the mastery of the discipline of learning and scholarship in any field that is attested to be the awarding of this degree and is not intended to represent the field of philosophy.

Among other academic credentials, Metropolitan Community College confers Associate Degrees. The Associate Degree typically represents successful completion of two years of collegiate work above the level of secondary school. It is the youngest in the family of major academic degrees, but its origin goes back more than a century. Its first use may be traced to England, where the University of Durham authorized it as early as 1856. It was first used in the United States at the University of Chicago in 1900 under the influence of President William Rainey Harper. Over the following two decades, the University of Chicago conferred more than 4,000 Associate Degrees (Associate in Arts, Associate in Literature and Associate in Science) on graduates of its junior college division.

The Associate Degree is often thought of as a junior or community college degree and is currently awarded by some 1,200 such colleges, but it is by no means limited to them. At least 250 other institutions, including four-year universities, liberal arts colleges, technical institutes and theological institutions, also award it.

## A MESSAGE *from the* FOUNDATION BOARD OF DIRECTORS

---

Dear Graduates,

Congratulations! Today, you join a proud and accomplished community — the Metropolitan Community College alumni family.

At MCC, we believe education has the power to transform lives. The MCC Foundation is dedicated to ensuring that every student who seeks knowledge and opportunity can pursue their dreams. Last year alone, thanks to the generosity of our donors, the Foundation awarded more than \$1 million in scholarships, supporting about 800 students across our five campuses.

Yet, there are more students who need a helping hand. That's why our mission continues. The best way to express gratitude for the opportunities you've received is to pay it forward — whether by mentoring, sharing your success or supporting future MCC students.

As you continue your life's journey, we can't wait to see all you will achieve. Stay connected with us by sharing your alumni information at [mcckc.edu/alumni](http://mcckc.edu/alumni) (see QR code on p. 37). When you do, we'll send you a special gift as a token of appreciation.

Best wishes,

A handwritten signature in black ink, appearing to read 'Beth Soukup'. The signature is fluid and cursive, with the first name 'Beth' and last name 'Soukup' clearly distinguishable.

# STAND UP & BE COUNTED

On behalf of the Metropolitan Community College Foundation, congratulations on your achievement. It is with great pleasure that we welcome you to a group that is thousands of people strong. Since 1915, we've been educating Kansas City's workforce. Now, you join them as another proud alumnus of Kansas City's premier educational institution.

We're excited to see where your MCC degree or certificate takes you, and we hope that you'll keep in touch with us. The support of the MCC family continues well after you graduate. Our goal is to help alumni connect with one another so your ties to MCC remain strong. We look forward to providing opportunities that allow you to strengthen your bond with MCC, either in person or virtually. We encourage you to take full advantage of our programs and events, including career networking, social gatherings, faculty and staff presentations, art openings, sporting events and volunteer opportunities.
