

Pathways **Adult Literacy Assistance**

Free intensive training on fundamental skills in Reading, English, and Math. Develop academic skills and confidence that are critical for college success, use campus resources, and form connections with instructors and fellow students. Classes are offered on two campuses (*Longview* and *Penn Valley*) and start a week later than our credit classes.

Why:

- Save time and money due to free individualized instruction
- Receive additional assistance (e.g., Advising, Counseling) and support at no additional cost
- Improve college soft skills (study skills, time management, technology skills, communication & interpersonal skills)
- Receive additional academic support for classes you are already enrolled in
- Potentially place into higher-level college courses

Presented by
