

### **The Howling Place**

Need a place to talk or check-in with other **MCC colleagues and peers**?

**-How** about a space to process the happenings of today, yesterday and tomorrow?

**-Are** you an extrovert and need a place to interact with other authentic human beings?

**-Are** you an introvert and just want an authentic space to observe and listen?

-Do **you** want to meet and/or network with other MCC Employees across the district regarding topics of diversity, equity and inclusion?

-Need a space to process the current challenges, expectations and learnings of **today** with people with diverse perspectives and experiences?

The **MCC Affinity Groups** invite you to join other MCC Community members to **THE HOWLING PLACE!** Why do wolves howl you ask? According to the National Geographic Society, wolves howl to communicate with each other. Howling is the most direct way of communicating across long distances, and is especially important in areas where wolf territories are vast [and socially distancing].

If you are a current MCC Employee and would like to visit The Howling Place virtual gathering please send your RSVP/Interest to one of the following email locations listed below for additional details and access information. These weekly gatherings are scheduled on Fridays @ 3-4:30pm via ZOOM.

Email locations:

The Howling Place – [MCCHowlingPlace@mcckc.edu](mailto:MCCHowlingPlace@mcckc.edu)

The African American Faculty & Staff Association – [MCC.AAFSA@mcckc.onmicrosoft.com](mailto:MCC.AAFSA@mcckc.onmicrosoft.com)
