## Independent Auditor's Report

Board of Trustees  
The Metropolitan Community College  
Kansas City, Missouri

### Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of The Junior College District of Metropolitan Kansas City, Missouri (d/b/a The Metropolitan Community College, the "College") as of and for the years ended June 30, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of The Metropolitan Community College Foundation, the discretely presented component unit, were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of The Metropolitan Community College, as of June 30, 2020 and 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Other Matters***

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, pension and other postemployment information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Other Supplementary Information***

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements. The accompanying other supplementary financial information is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The other supplementary financial information listed in the table of contents has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 20, 2020, on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

# The Metropolitan Community College

## Management's Discussion and Analysis

### Years Ended June 30, 2020 and 2019

#### **Introduction**

This section of The Metropolitan Community College's (the College or MCC) annual financial report presents a discussion and analysis of the financial performance of the College during the fiscal year ended June 30, 2020, with comparative data for the fiscal years ended June 30, 2019 and 2018. It should be read in conjunction with the financial statements and notes that follow.

The College prepared the financial statements in accordance with Government Accounting Standards Board (GASB) Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*. GASB Statement No. 35 establishes standards for external financial reporting for public colleges and universities and requires that the financial statements be presented to focus on the College as a whole.

As defined by generally accepted accounting principles established by GASB, the financial reporting entity consists of the accompanying combined financial statements of the College including the accounts of The Junior College District of Metropolitan Kansas City, Missouri (the District), the Kansas City Metropolitan Community Colleges Building Corporation (the Building Corporation), as well as its discretely presented component unit, The Metropolitan Community College Foundation (the Foundation).

In 2018, the College adopted GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which revises accounting and financial reporting standards for other post-employment benefits that are provided to the employees of state and local governmental employers through health care benefits that are administered through trusts and equivalent arrangements in which specific criteria are met. This statement establishes standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources and expenditures. For defined benefit postemployment benefits, this statement identifies the methods and assumptions that should be used to project benefit payments, discount projected benefit payments to the actuarial present value and attribute that present value to periods of employee service.

#### **Using This Annual Report**

One of the most important questions asked about the College's finances is whether the College, as a whole, is better off or worse off as a result of the year's activities. The Statements of Net Position; the Statements of Revenues, Expenses and Changes in Net Position; and the Statements of Cash Flows provide information on the College as a whole and present a long-term view of the College's finances. These statements present financial information in a form similar to that used by private corporations. Over time, increases or decreases in net position (the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources) is one indicator of the improvement or erosion of the College's financial health when considered with nonfinancial facts such as enrollment levels and the condition of the facilities. In addition to these three basic financial statements, this report contains notes to the financial statements, required supplementary information and other supplementary schedules as appropriate.

# The Metropolitan Community College

## Management's Discussion and Analysis

### Years Ended June 30, 2020 and 2019

#### ***Financial Highlights for Fiscal Year Ended June 30, 2020***

As of June 30, 2020, the College's financial position worsened with total assets and deferred outflows of resources decreasing \$9.4 million to \$252.0 million on June 30, 2020 compared to \$261.4 million as of June 30, 2019. Total liabilities and deferred inflows improved by decreasing \$1.9 million to \$138.2 million at June 30, 2020 from \$140.1 million at June 30, 2019.

Net position, which represents the residual interest in the College's assets and deferred outflows of resources after liabilities and deferred inflows of resources are deducted, was \$113.8 million at June 30, 2020. This represents a 6.1 percent decrease from 2019's net position of \$121.3 million. The College's unrestricted net position showed a decrease from \$57.5 million to \$46.7 million or 18.7 percent.

Financial operations were not as originally budgeted, with an overall decrease in net position of \$7.5 million. These results can be attributed to state appropriation restrictions of \$4.3 million and a decline in tuition and fees of \$2.8 million.

#### ***Financial Highlights for Fiscal Year Ended June 30, 2019***

As of June 30, 2019, the College's financial position improved with total assets and deferred outflows of resources increasing \$1.3 million to \$261.4 million on June 30, 2019 compared to \$260.1 million as of June 30, 2018. Total liabilities and deferred inflows decreased by \$7.3 million to \$140.1 million at June 30, 2019 from \$147.4 million at June 30, 2018.

The College's operations were better than originally budgeted resulting in the College's total net position increasing by \$8.6 million, a 7.6 percent increase. This resulted in an increase of unrestricted net position, from \$46.6 million to \$57.5 million, an increase of \$10.9 million. This is attributable to a higher investment income, lapsed salaries, the sale of the Longview Rec Center and a continued decline in spending across the District.

#### ***Financial Highlights for Fiscal Year Ended June 30, 2018***

In fiscal year 2018, the College's financial position declined slightly, with total assets and deferred outflows of resources at \$260.1 million versus \$261.2 million in 2017. Net position, which represents the residual interest in the College's assets and deferred outflows of resources after liabilities and deferred inflows of resources are deducted, was \$112.7 million at June 30, 2018. This represents a 1.2 percent decrease from 2017's net position of \$114.1 million. The College's unrestricted net position showed a decrease from \$50.2 million to \$46.6 million.

Financial operations were better than originally budgeted, with an overall increase in net position of \$11.7 million. The positive results can be attributed to increased revenue from local taxes and investments, additional contributions from the Institute for Workforce Innovation, lapsed salaries and continued conservative spending across the District. This increase in net position helped to offset the adoption of GASB 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which increased the College's liabilities by \$13.2 million.

# **The Metropolitan Community College**

## **Management's Discussion and Analysis**

### **Years Ended June 30, 2020 and 2019**

#### ***Statements of Net Position***

The Statements of Net Position presents the financial position of the College at the end of the fiscal year and includes all assets and liabilities of the College. Total assets and deferred outflows of resources less total liabilities and deferred inflows of resources – net position – is one indicator of the current financial condition of the College, while the change in net position is an indicator of whether the overall financial condition has improved or worsened during the year. Assets and liabilities are generally measured using current values or historical costs.

From the data presented, readers of the Statements of Net Position are able to determine the assets available to continue the operations of the College. They are also able to determine how much the College owes vendors and lending institutions. Finally, the Statements of Net Position provide a picture of assets available for expenditure by the College.

Assets and liabilities are categorized as current or noncurrent. The difference is that current assets and liabilities mature or become payable within the normal 12-month accounting cycle versus noncurrent, which mature or become payable after 12 months. For example, at June 30, 2020, the College's current assets consisted primarily of cash and cash equivalents, short-term investments, net accounts receivable and other assets. Noncurrent assets consist primarily of long-term investments and property and equipment. Property and equipment are the capital assets owned by the College and the Building Corporation.

Net position is presented in three major categories. The first category, net investment in capital assets, provides the College's/Building Corporation's equity in capital assets – the property, plant and equipment owned by the College/Building Corporation. The second category is restricted net position, which is restricted for debt retirement. With the bond refinancing in 2014, the College no longer has net position in this category. The third category is titled unrestricted net position, which includes amounts designated by board direction for specific purposes.

#### Comparison of Net Position

Significant assets consist of cash and cash equivalents, short-term and long-term investments, accounts receivable and capital assets. Significant liabilities include accounts payable and accrued liabilities, long-term bonded debt, other postemployment benefit liability, net pension liability, compensated absences and deferred revenue.

# The Metropolitan Community College

## Management's Discussion and Analysis

### Years Ended June 30, 2020 and 2019

#### Fiscal Year 2020 compared to Fiscal Year 2019

As of June 30, 2020, total assets and deferred outflows of resources decreased \$9.4 million. The decrease in assets is due to a decrease of \$7.3 million in long-term investments offset by a net increase of \$2.8 million in cash and short-term investments. A decrease of \$4.2 million in deferred outflows is due to the annual actuarial valuation of the College's pension liability.

Total liabilities and deferred outflows of resources decreased \$1.9 million in fiscal year 2020. The College's current liabilities increased \$2.1 million, related to accounts payable. The GASB 68 actuarial evaluation of the College's portion of the unfunded pension liability resulted in a decrease of \$1.2 million in the pension liability and an increase of \$0.9 million in the deferred inflows of resources. The annual bond payments for the Series 2014 bonds decreased the bonds payable by \$4.4 million.

Net investment in capital assets, which represents 59 percent of total net position at June 30, 2020, represents the assets' historical costs, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.

Expendable restricted net position is subject to externally imposed restrictions governing their use. This category of net position represents the debt service reserve funds as mandated by the trust indentures. The College is not required to maintain a debt service reserve with the Series 2014 bonds and therefore has no expendable restricted net position.

The Board of Trustees has elected to designate a portion of unrestricted net position for the purpose of deferred maintenance and information technology. Designated net position is not subject to externally imposed restrictions and therefore is not considered restricted net position.

Unrestricted net position is not subject to externally imposed stipulations and is available to the College for any legal purpose.

#### Fiscal Year 2019 compared to Fiscal Year 2018

In fiscal year 2019, total assets and deferred outflows of resources increased \$1.3 million while total liabilities and deferred inflows of resources decreased \$7.2 million; for a total net position increase of \$8.6 million.

The College's total assets and deferred outflows of resources increase is due to an increase in investments of \$20.3 million with an offsetting decrease in cash and cash equivalents of \$8.9 million and overall decreases in accounts receivable, other assets and capital assets of \$8.7 million. In addition, deferred outflows of resources decreased \$1.3 million as a result of the annual GASB 68 actuarial evaluation.

The total liabilities and deferred inflows of resources decrease is a result of a decrease in bonds payable of \$4.2 million and a decrease in accounts payable and other accruals of \$1.5 million. In addition, deferred inflows of resources decreased \$1.2 million as a result of the annual GASB 68 actuarial evaluation.

# **The Metropolitan Community College**

## **Management's Discussion and Analysis**

### **Years Ended June 30, 2020 and 2019**

Net investment in capital assets, which represents 53.0 percent of total net position at June 30, 2019, represents the assets' historical costs, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.

The Board of Trustees has elected to designate a portion of unrestricted net position for the purpose of deferred maintenance and information technology. Designated net position is not subject to externally imposed restrictions and therefore is not considered restricted net position.

Unrestricted net position is not subject to externally imposed stipulations and is available to the College for any legal purpose.

#### ***Statements of Revenues, Expenses and Changes in Net Position***

The Statements of Revenues, Expenses and Changes in Net Position disclose the College's financial results for each of the fiscal years presented. The purpose of the statements are to present the revenues earned by the College, both operating and nonoperating and the expenses incurred by the College, operating and nonoperating and any other revenues, expenses, gains and losses earned or incurred by the College. Under the accrual basis of accounting, all of the current year's revenue and expenses are considered regardless of when the cash is received or paid.

Generally speaking, operating revenues are received for providing goods and services to the students and various constituencies of the College. Operating expenses are those expenses incurred to acquire or produce the goods and services provided in return for the operating revenues, and to carry on the mission of the College. Nonoperating revenues are revenues earned for which goods and services are not provided. For example, the state appropriations, Pell grant revenue and county property tax collections are nonoperating because they represent revenue provided to the College for which no direct goods or services were provided directly by the College to the state legislature or the local taxpayers.

One of the College's strengths is its diverse streams of revenue, which allow it the flexibility to weather difficult economic times. The statements below provide an illustration of revenues by source (both operating and nonoperating), which were used to fund the College's operating activities for the years ended June 30, 2020, 2019 and 2018.

# **The Metropolitan Community College**

## **Management's Discussion and Analysis**

### **Years Ended June 30, 2020 and 2019**

#### Fiscal Year 2020 compared to Fiscal Year 2019

Total revenues decreased by \$10.6 million from the prior year. The main drivers for this decrease were state appropriation restrictions of \$4.4 million enacted in the last quarter of the fiscal year. These were announced as a result of the declining state revenues due to the coronavirus pandemic. Other operating revenues also decreased due to a \$1 million reduction in New Jobs and Job Retention revenue. Other nonoperating revenue also reduced \$2.65 million which is a direct result of the sale of the Longview Rec Center in fiscal year 2019 offset by a \$0.65 million loss on the transfer of the 1605 Prospect FEMA building to another eligible entity.

While tuition rates increased by \$4 per credit hour for in-district and 4 percent for out-of-district/out-of-state from the prior year, the fiscal year enrollment was slightly below budget projections resulting in a tuition and fees revenue decrease of \$2.7 million.

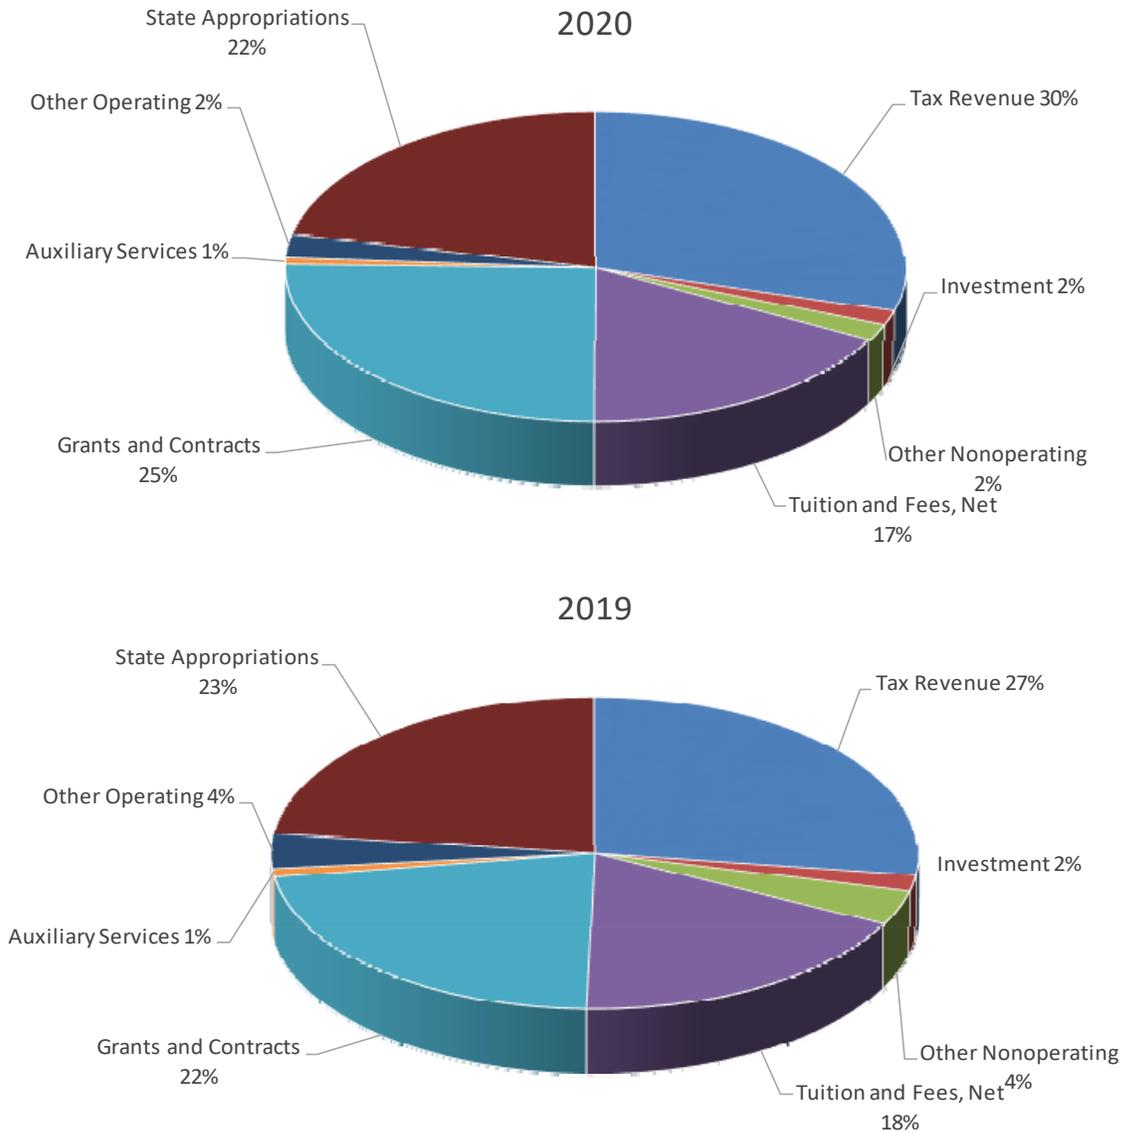

Federal grants (including Federal Pell Grants), which comprise 18.9 percent of fiscal year 2020 total revenue, increased by \$2.3 million from prior year in relation to the CARES Act Higher Education Emergency Relief Funds enacted in March 2020.

# The Metropolitan Community College

## Management's Discussion and Analysis

### Years Ended June 30, 2020 and 2019

The following graphic illustrates the College's total revenues for the years ended June 30, 2020 and 2019.

#### Fiscal Year 2019 compared to Fiscal Year 2018

Total revenues decreased by \$6.2 million from fiscal year 2018. The major contributor to this decline was in contracts and grants (excluding Federal Pell Grants) which decreased \$5.7 million as a result of the completion of the MoSTEM and FOCUS grants. For the year ending June 30, 2019, the College increased tuition rates of 4 percent, projecting revenue from tuition and fees to remain flat. The tuition and fees revenue decreased by \$1.1 million and now represents 18 percent of total revenue, which is consistent with the prior year. Tax revenue, which is 27 percent of total revenues, increased \$1.0 million. Investment income increased \$0.9 million or 69 percent from the

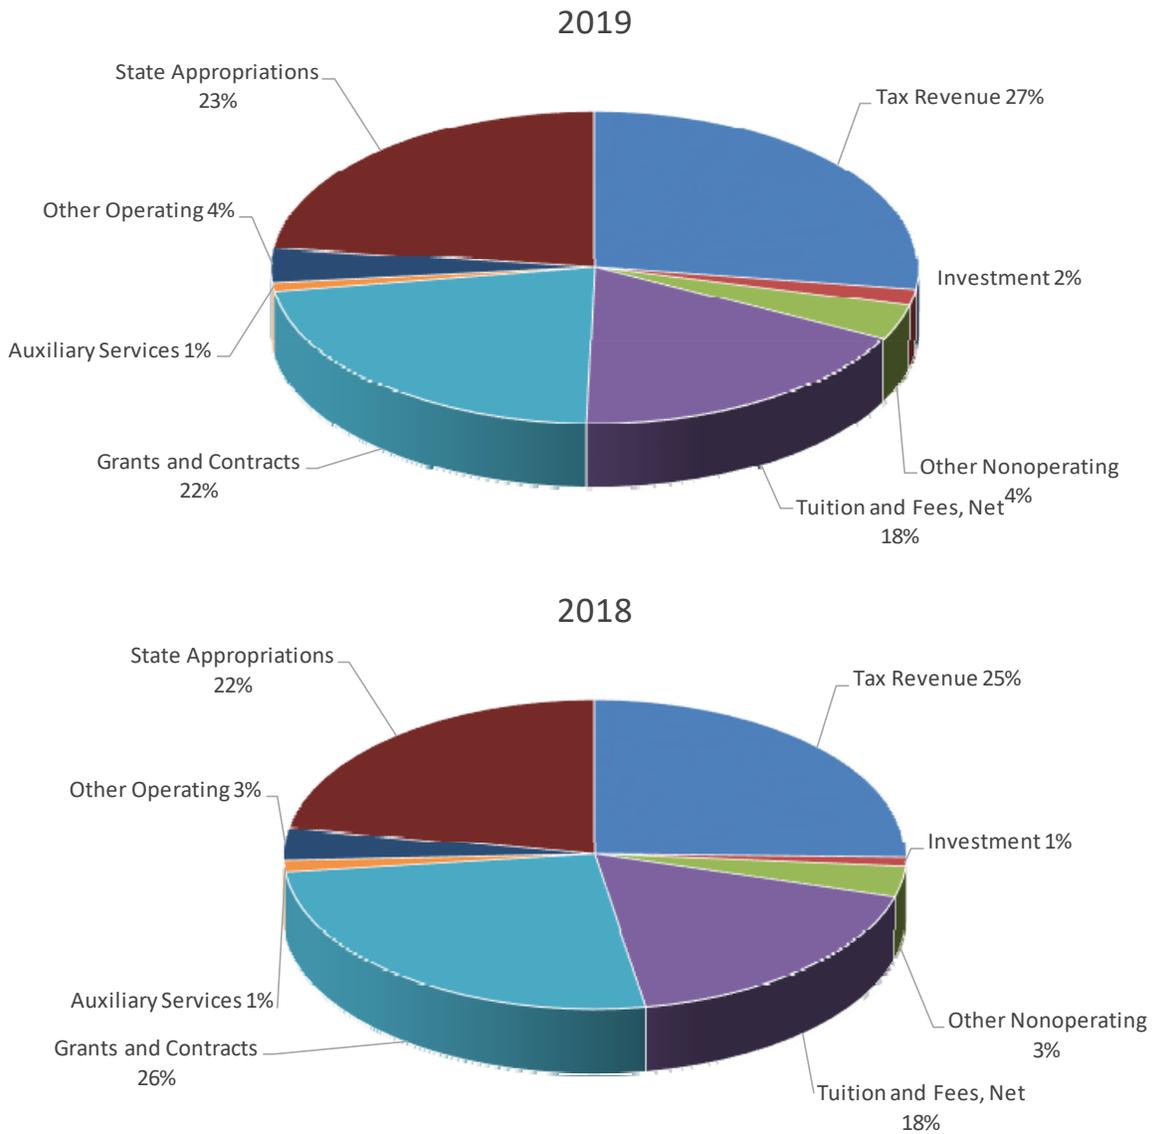

# The Metropolitan Community College

## Management's Discussion and Analysis

### Years Ended June 30, 2020 and 2019

prior year. Auxiliary services operating revenue declined by \$.5 million which is related to the sale of the Longview Rec Center.

The following graphic illustrates the College's total revenues for the years ended June 30, 2019 and 2018.

## Management's Discussion and Analysis

### Years Ended June 30, 2020 and 2019

#### Fiscal Year 2020 compared to Fiscal Year 2019

In fiscal year 2020, total operating and nonoperating expenses increased by \$5.7 million or 4.5 percent from prior year. This was mainly attributed to salaries and benefits which comprise 71.6 percent and 69.7 percent of total expenses for years ended June 30, 2020 and 2019, respectively. Supplies and services decreased slightly from the prior year.

The following graphic illustrates expenses by natural (object) classification for the years ended June 30, 2020 and 2019.

## Management's Discussion and Analysis

### Years Ended June 30, 2020 and 2019

#### Fiscal Year 2019 compared to Fiscal Year 2018

The College's fiscal year 2019 total operating and nonoperating expenses decreased by \$3.1 million or 2.5 percent from the prior year. Salaries and benefits are the largest categories and comprise 68.6 percent and 66.3 percent of total expenses for the fiscal years ended June 30, 2019 and 2018, respectively. The expenses in salaries decreased slightly due to vacant positions in fiscal year 2019. The Benefits category increased \$1.1 million due to the effects of GASB 75 related to Other Post-Employment Benefits, pension expenses related to GASB 68 and the required payment of unrelated business income tax as a result of the tax changes. The second largest category, supplies and services decreased \$3.4 million or 12.6 percent from the prior year primarily due to the completion of the MoSTEMWINs grant and less capitalized expenses.

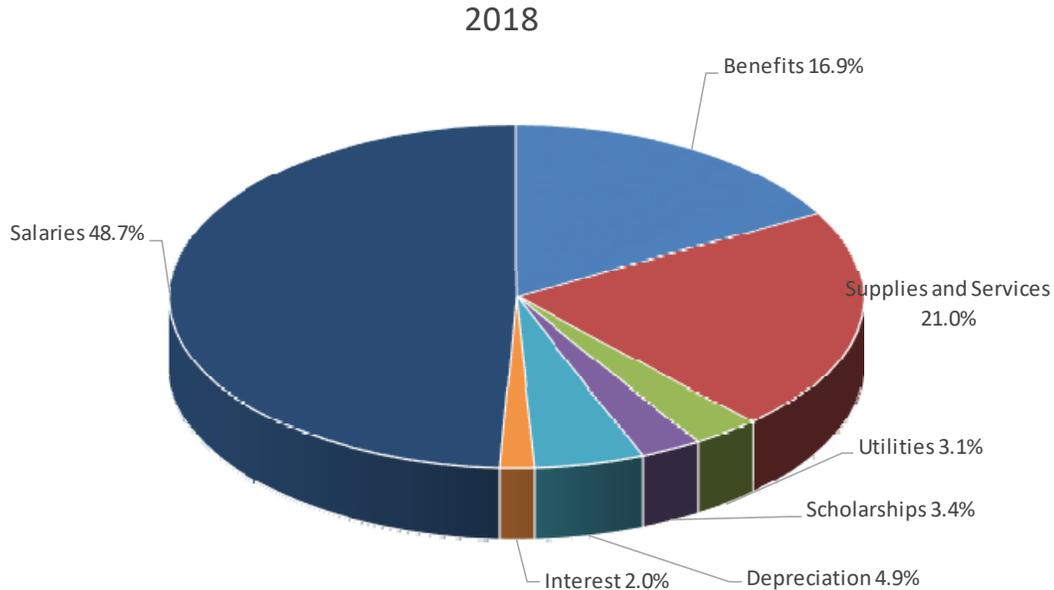

The following graphic illustrates expenses by natural (object) classification for the years ended June 30, 2019 and 2018.

#### **Statements of Cash Flows**

The Statements of Cash Flows provides information about cash receipts and cash payments during the year. This statement also assists users in assessing the College's ability to generate net cash flows, its ability to meet its obligations as they come due and its need for external financing.

The Statements of Cash Flows is divided into five parts, each examining a different source of and use for cash. The first part, "Operating activities," examines the source and use of cash from ordinary operating activities. The second part, "Noncapital financing activities," reflects cash flows received and spent for nonoperating, noninvesting and noncapital financing activities. An example of this would be cash received from state appropriations and county property tax. The third section, "Capital and related financing activities," deals with cash flows from capital and related financing activities. The section reflects the cash used in the acquisition, construction and financing of capital and related items. The fourth section, "Investing activities," reveals the cash flows from investing activities and shows the purchases, proceeds and interest received from investing activities. The fifth and last section reconciles the net cash used in operating activities to the operating gain or (loss) reflected on the Statements of Revenues, Expenses and Changes in Net Position.

**Management's Discussion and Analysis**  
**Years Ended June 30, 2020 and 2019**

**Condensed Statements of Cash Flows**  
**Years Ended June 30, 2020, 2019 and 2018**  
**(Dollars in Millions)**

	2020	Change from Prior Year	2019	Change from Prior Year	2018
Cash provided (used) by					
Operating activities	\$ (83.2)	\$ (5.7)	\$ (77.5)	\$ (1.0)	\$ (76.5)
Noncapital financing activities	89.0	(2.0)	91.0	(1.3)	92.3
Capital and related financing activities	(12.3)	(8.0)	(4.3)	6.5	(10.8)
Investing activities	16.6	34.7	(18.1)	(18.7)	0.6
Net change in cash	10.1	19.0	(8.9)	(14.5)	5.6
Cash, beginning of year	46.4	(8.9)	55.3	5.6	49.7
Cash, end of year	\$ 56.5	\$ 10.1	\$ 46.4	\$ (8.9)	\$ 55.3

The major sources of cash included state aid, county property tax revenues, student tuition, federal contracts and grants and proceeds from maturities of investments. Significant uses of cash included payments to employees including benefits, payments to vendors and suppliers, payments for scholarships and financial aid, capital assets and purchases of investments.

Fiscal Year 2020 compared to Fiscal Year 2019

The cash position of the College increased by \$10.1 million for the fiscal year ended June 30, 2020. Cash used for operating activities increased \$5.7 million which was attributable to a \$2.9 million decrease in cash inflows from student tuition and fees. Noncapital financing activities decreased \$2.0 million due to \$4.3 million in state appropriation restrictions enacted in the last quarter of fiscal year 2020. Capital and related financing activities increased by \$8.0 million which is attributable to the purchase of property related to the transition of the Business & Technology campus programs. Investing activities increased by \$34.6 million over 2019. This is directly related to an increase of \$42.0 million from maturities of investments offset by \$6.7 million increase in purchases of investments.

# The Metropolitan Community College

## Management's Discussion and Analysis

### Years Ended June 30, 2020 and 2019

#### Fiscal Year 2019 compared to Fiscal Year 2018

The cash position of the College decreased by \$8.9 million for the fiscal year ended June 30, 2019. Cash used for operating activities decreased \$1.0 million, which can be attributed to a decrease in tuition fees, lapsed salaries offset by an increase to the benefits expense category. Cash provided by noncapital financing activities decreased by \$1.3 million from the prior year related to a decrease in Pell grants, state appropriations and other nonoperating revenue. This was offset by an increased collection of local taxes. Capital and related financing activities decreased by \$6.5 million which is attributable to reduced capital purchases and proceeds from the disposal of capital assets. Investing activities resulted in a decrease of \$18.7 million compared to 2018. This is due to less proceeds from the maturity of investments based on an increase in long-term investments in fiscal year 2018. The College is moving toward a more laddered investment approach looking out to three to five years.

#### **Capital Assets**

#### **Net Capital Assets** **Years Ended June 30, 2020, 2019 and 2018** **(Dollars in Millions)**

<b>Capital Assets - Net of Accumulated Depreciation</b>	<b>2020</b>	<b>Change from Prior Year</b>	<b>2019</b>	<b>Change from Prior Year</b>	<b>2018</b>
Land	\$ 8.3	\$ 0.1	\$ 8.2	\$ (0.1)	\$ 8.3

<b>Total capital assets</b>	<b>\$ 110.4</b>	<b>\$ (0.9)</b>	<b>\$ 111.3</b>	<b>\$ (6.5)</b>	<b>\$ 117.8</b>

Additional information concerning capital assets is provided in Note 3 to the financial statements.

#### Fiscal Year 2020 compared to Fiscal Year 2019

As of June 30, 2020, the College had recorded \$110.4 million in net capital assets, a decrease of \$0.9 million from the prior year. Additions to capital assets consisted of the purchase of a building for the Advanced Technical Skill Institute, purchase of land near the Blue River campus, improvements to the Penn Valley kitchen, and Longview roof replacement. The 1605 Prospect FEMA building was transferred to KIPP during fiscal year 2020. No additional debt was issued in fiscal year 2020 to finance these projects.

#### Fiscal Year 2019 compared to Fiscal Year 2018

As of June 30, 2019, the College had recorded \$111.3 million in net capital assets, a decrease of \$6.5 million from the prior year. The decline was primarily due to sale of Longview Rec Center building and land. Additions to capital assets consisted of roof repairs at Penn Valley Carter Center and Physical Ed buildings, installation of mass notification system districtwide and purchase of equipment across the District. No additional debt was issued to finance these projects.

## Management's Discussion and Analysis

### Years Ended June 30, 2020 and 2019

#### **Long-term Debt**

#### Long-term Debt Years Ended June 30, 2020, 2019 and 2018 (Dollars in Millions)

Outstanding Debt	2020	Change from Prior Year	2019	Change from Prior Year	2018
Capital lease purchase	\$ -	\$ (0.5)	\$ 0.5	\$ (0.4)	\$ 0.9
Leasehold revenue bonds	44.8	(4.3)	49.1	(4.3)	53.4
Total long-term debt	<u>\$ 44.8</u>	<u>\$ (4.8)</u>	<u>\$ 49.6</u>	<u>\$ (4.7)</u>	<u>\$ 54.3</u>

Additional information concerning long-term debt is provided in Note 4 to the financial statements.

#### **Economic Outlook**

Based on the Missouri Economic Research & Information Center (MERIC) 2020 Economic and Workforce Report, from 2010 through 2019, Missouri experienced yearly employment growth, with 0.6 percent employment increase from 2018 to 2019. However, from March to May 2020, Missouri reported a decrease of 9.8 percent due to COVID-19 business shutdowns. Missouri's unemployment rose to 10.1 percent. According to MERIC's website, unemployment decreased to 4.9 percent in September 2020. The Kansas City region has had employment growth rates higher than the state average over the past six years and is one of the fastest growing regions in Missouri. Twenty percent of Missouri's employment is also found in the Kansas City region. Both GDP and Per Capita Personal Income for the state of Missouri have continued growth that is comparable to growth nationally. The final fiscal year 2020 general revenue report for the Office of Administration for the State of Missouri indicated that net general revenue collections increased 1.0 percent from fiscal year 2019.

MCC has three main revenue streams: state appropriations, local taxes and tuition. In fiscal year 2021, MCC is estimating that approximately 25 percent of general fund revenue will come from MCC's state aid appropriation to Missouri Community Colleges. For this reason, MCC monitors statewide economic and political activity closely. State appropriations are estimated to decrease approximately 8 percent in fiscal year 2021, primarily due to additional emergency restrictions directly due to the impact of the COVID-19 pandemic.

Local tax revenue collections, making up approximately 33 percent of the general fund budget, are projected to remain flat for fiscal year 2021. The local levy rate for fiscal year 2021 is \$0.2128 cents per \$100 of assessed valuation, which is up from the fiscal year 2020 rate of \$0.2047 cents per \$100 of assessed valuation. The increase in the local levy rate was due to a decrease in adjusted current year assessed valuation, which resulted in no change in revenue growth and tax base. Adjusted current year assessed valuation includes changes in assessed value for real estate, personal property and new construction. New construction continues to be strong. The last five years included new construction assessed valuations of \$105.7 million, \$200.3 million, \$217.7 million, \$176.4 million, and \$156.0 million.

# **The Metropolitan Community College**

## **Management's Discussion and Analysis**

### **Years Ended June 30, 2020 and 2019**

Enrollment has been trending downward for the last several years. Revenue from tuition and fees, making up approximately 36 percent of the general fund budget, was expected to decrease by approximately 3 percent in fiscal year 2021. However, COVID-19 has had a negative impact on enrollment, causing a greater than expected decrease in enrollment. Tuition and fee income is significant as this is the only major source of revenue driven by enrollment. Tuition and fees must support the growth in both teaching and other enrollment driven support costs, especially during periods of significant enrollment growth. For fiscal year 2021, MCC increased tuition by \$8 per credit hour for out-of-district students and \$10 per credit hour for out-of-state students. Tuition for in-district students remained unchanged from the prior year. The in-district per credit hour tuition and fee rate is \$107, out-of-district per credit hour rate is \$198, and out-of-state per credit hour rate is \$256.

#### ***Requests for Information***

These financial statements and discussions are designed to provide a general overview of the College's finances for all those with an interest in the entity's finances. Questions concerning any information provided in this report should be addressed to Financial Services Department, 3200 Broadway, Kansas City, Missouri 64111.

## Notes to Financial Statements

### June 30, 2020 and 2019

#### **Note 1: Summary of Significant Accounting Policies**

##### ***Organization***

The Junior College District of Metropolitan Kansas City, Missouri (the District) was created in May 1964 by the voters of seven suburban school districts and the Kansas City School District to provide comprehensive higher educational programs through its area colleges. The District also offers courses, which meet the needs of persons who desire enrichment or retraining in the areas of liberal arts, occupational education, continuing education and community services. The District is now comprised of twelve school districts: Belton, Center, Grandview, Hickman Mills, Lee's Summit, North Kansas City, Raytown, Kansas City, Blue Springs, Independence, Fort Osage and Park Hill. Five primary colleges have been established to serve the patrons of the District: Blue River, Longview, Maple Woods, Penn Valley and the Business & Technology College.

The financial statements of The Metropolitan Community College (the College) for the years presented, include the combined accounts and operations of the District and the Kansas City Metropolitan Community Colleges Building Corporation (the Building Corporation), which is a blended component unit. This summary of significant accounting policies of the College is presented to assist in understanding the College's financial statements. The financial statements and notes are representations of the College's management, who are responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States as applicable to governmental colleges and universities and have been consistently applied in the preparation of the financial statements. The following is a summary of the more significant policies.

##### ***Reporting Entity***

The College is governed by a six-member board of trustees. As required by accounting principles generally accepted in the United States, the College's financial statements present the District (the primary government), its blended component unit (the Building Corporation) and its discretely presented component unit, The Metropolitan Community College Foundation (the Foundation). The component units are included in the College's reporting entity because of the significance of their operations and financial relationships with the College.

##### ***Blended Component Unit***

The Building Corporation is a not-for-profit corporation formed in 1984, which is governed by a four-member board. Although it is legally separate from the District, the Building Corporation is reported as if it were part of the primary government because its sole purpose is to provide for the construction and financing of educational facilities used by the College. The Building Corporation has the authority to issue Leasehold Development Bonds for the purposes of refunding previous bond issues or constructing new facilities. The buildings are owned by the Building Corporation, which, in turn, leases the buildings to the District under annually renewable lease agreements. The lease payments are equal to the principal and interest debt service payments required to service the related bond issuances. As the Building Corporation is a blended component unit, all balances and transactions between the District and Building Corporation have been eliminated. The Building Corporation has a June 30 fiscal year end.

# The Metropolitan Community College

## Notes to Financial Statements

### June 30, 2020 and 2019

#### ***Discretely Presented Component Unit***

The Foundation is a non-profit corporation and is considered to be a related organization to the District. The District's board of trustees approves nominations to the Foundation's board of directors, but the District's accountability does not extend beyond approval of board members. The District is not financially accountable for the Foundation. Although the District does not control the timing or amount of receipts from the Foundation, the majority of resources or income thereon, which the Foundation holds and invests, is restricted to the activities of the District by the donors. As these restricted resources can only be used by, or for the benefit of, the District, the Foundation is considered a component unit of the College and is discretely presented in the College's financial statements. During the years ended June 30, 2020 and 2019, direct contributions received from the Foundation were not material. The Foundation has a June 30 fiscal year end.

Separate financial statements for the Foundation can be obtained at The Metropolitan Community College, 3200 Broadway, Kansas City, Missouri 64111. The Foundation is presented on the accrual basis of accounting.

#### ***Basis of Accounting***

For financial reporting purposes, the College is considered a special purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant inter-company transactions have been eliminated.

#### ***Cash Equivalents***

Cash includes deposits held at banks and all highly liquid instruments purchased with an original maturity of three months or less. Cash equivalents represent excess operating cash swept into an overnight repurchase agreement account, which are readily converted back to cash, on a daily basis, as operating funds are needed.

#### ***Investments***

It is the College's policy to invest in obligations of the U.S. Treasury, repurchase agreements, bank certificates of deposit and agencies of the federal government and instrumentalities and top-rated commercial paper, which are permissible under Missouri statutes. The Building Corporation is allowed to invest in "permitted investments" as defined by applicable bond indentures. Investments are reported at fair value, except for investments in nonnegotiable certificates of deposit, which are carried at amortized cost.

In addition to the investment tools available to the College, the Foundation's marketable securities consist of equity securities, mutual fund shares, corporate bonds and government notes reported at fair value.

# The Metropolitan Community College

## Notes to Financial Statements

June 30, 2020 and 2019

### ***Accounts Receivable***

Accounts receivable consists of tuition and fee charges to students and charges for auxiliary enterprise services provided to students, faculty and staff. Accounts receivable is recorded net of estimated uncollectible amounts. Accounts receivable also includes amounts due from the federal government, state and local governments or private sources, in connection with reimbursement of allowable expenditures made pursuant to the College's grants and contracts.

### ***Capital Assets***

Land, construction in progress, buildings and improvements, software and equipment are recorded at cost for assets purchased and at appraised value at date of grant for items acquired by donation.

Capital assets are defined by the College as assets with an initial, individual cost in excess of \$5,000 (equipment) or \$50,000 (building and improvements; infrastructure and software) estimated useful lives in excess of one year. Interest costs on construction in progress are capitalized when amounts are significant.

Buildings and improvements and equipment are being depreciated on the straight-line basis over their estimated useful lives as follows: buildings-40 years, improvements-15 years, software-3 years and equipment, 3 to 10 years. The College's investment in infrastructure assets, which is not material to the total of capital assets, is recorded at cost and included in the costs of the related property.

### ***Deferred Outflows of Resources***

The College reports the consumption of net position that is applicable to a future period as deferred outflows of resources in a separate section of its statements of net position.

### ***Deferred Inflows of Resources***

The College reports an acquisition of net position that is applicable to a future period as deferred inflows of resources in a separate section of its statements of net position.

### ***Loss on Refunding of Bonds***

Losses incurred on the refunding of bond issues have been deferred and are being amortized over the life of the bonds and are included in deferred outflows of resources. The net amount as of June 30, 2020 and 2019 was \$1,548,848 and \$2,068,094, respectively.

### ***Compensated Absences***

College employees accumulate a limited amount of earned but unused vacation and sick leave for subsequent use. Earned, but unused vacation is paid to the employee upon termination, or retirement. Earned, but unused sick leave is paid to an active employee's beneficiary upon death if occurring during active employment.

# The Metropolitan Community College

## Notes to Financial Statements

### June 30, 2020 and 2019

#### ***Unearned Revenue***

Half of the summer school tuition revenue and all tuition for school sessions starting after June 30 have been deferred to the next fiscal year.

#### ***Unearned Revenue - Contracts***

Unearned revenue – contracts includes the difference between rent on a straight-line basis, as required by generally accepted accounting principles, and the actual scheduled payments for the lease as well as unearned revenue on a bookstore vending contract.

#### ***Defined Benefit Other Postemployment Benefit Plan***

The College participates in a single-employer other postemployment benefit plan (the OPEB Plan) that provides life insurance, medical, vision and dental benefits. For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information has been determined on the same basis as they are reported by the OPEB Plan. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. The College funds benefits on a pay-as-you-go basis and there are no assets accumulated in the Plan.

#### ***Classification of Revenues***

The College has classified revenues as either operating or non-operating revenues according to the following criteria:

##### Operating Revenues

Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances, (2) sales and services of auxiliary enterprises and (3) federal, state and local grants and contracts.

##### Non-operating Revenues

Non-operating revenues include activities that have the characteristics of non-exchange transactions, such as contributions and other revenue sources that are defined as nonoperating revenues by GASB No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Government Entities that use Proprietary Fund Accounting* and GASB No. 34, such as state appropriations, investment income and county property taxes.

#### ***Tuition and Fees***

Tuition and fees revenues are reported net of scholarship allowances, while stipends and other payments made directly to students are presented as scholarship expenses.

# The Metropolitan Community College

## Notes to Financial Statements

### June 30, 2020 and 2019

#### ***County Property Tax Revenues***

The four counties in which the District lies, bill the residents for real and personal property taxes due the District. Bills are sent in November and are delinquent after December 31. The taxes are collected by the counties primarily from November through the end of January. Substantially all amounts are received by the end of March. Taxes are remitted to the District throughout the collection period net of a 1.6 percent charge for the years ended June 30, 2020 and 2019, for assessment and collection services on an as-collected basis and no accrual is made for delinquent property taxes.

#### ***State Appropriations***

State appropriations earned for general operating purposes are determined on a fiscal year basis ending June 30 based upon the state aid funding formula. Using this formula, fiscal year 1991–92 is a base year and following years are adjusted for inflation or any major state-approved additions to programs.

#### ***Income Tax Status***

The College is exempt from income tax as a local governmental unit. The Building Corporation and the Foundation have qualified for exemption from income tax under Section 501(c)3 of the Internal Revenue Code. However, the College is subject to federal income tax on any unrelated business taxable income.

#### ***Net Position***

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net position is presented in three major categories. The first is net investment in capital assets, which represents the College's equity in property, plant and equipment. The second is restricted. The third is unrestricted, including amounts designated by the board.

Net investment in capital consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use through enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The College first applied restricted resources when an expense is incurred for purposes for which both restricted and unrestricted assets are available.

# The Metropolitan Community College

## Notes to Financial Statements

### June 30, 2020 and 2019

#### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and deferred outflows of resources and liabilities and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses and other changes in net position during the reporting period. Actual results could differ from those estimates.

#### ***Scholarship Allowances and Student Aid***

Financial aid to students is reported in the financial statements, as prescribed by the National Association of College and University Business Officers (NACUBO). Certain aid (loans, funds provided to students as awarded by third parties and Federal Direct Lending) is accounted for as third-party payments (credited to the student's account as if the student made the payment). All other aid is reflected in the financial statements as operating expenses or scholarship allowances, which reduce revenue. The amount reported as operating expenses represents the portion of aid that was provided to the student in the form of cash. Scholarship allowances represent the portion of aid provided to the student in the form of reduced tuition.

#### ***Pensions***

The College participates in two cost-sharing multiple employer defined benefit pension plans: the Public Education Employee Retirement System of Missouri ("PEERS") and Public School Retirement System of Missouri ("PSRS").

The fiduciary net position, as well as additions to and deductions from the fiduciary net position, of PEERS and PSRS have been determined on the same basis as they are reported by PEERS and PSRS. The financial statements were prepared using the accrual basis of accounting. Member and employer contributions are recognized when due, pursuant to formal commitments and statutory requirements. Benefits and refunds of employee contributions are recognized when due and payable in accordance with the statutes governing PSRS. Expenses are recognized when the liability is incurred, regardless of when payment is made. Investments are reported at fair value on a trade date basis. The fiduciary net position is reflected in the measurement of the College's net pension liability, deferred outflows and inflows of resources related to pensions and pension expense.

# The Metropolitan Community College

## Notes to Financial Statements

June 30, 2020 and 2019

### Note 2: Deposits and Investments

Missouri statutes require depository banks to pledge securities as collateral for public funds on deposit, except funds covered by federal depository insurance. Missouri statutes do not extend to the Building Corporation regarding collateralization of funds not covered by federal depository insurance. The College deposits were not exposed to custodial credit risk as of June 30, 2020 and 2019. The College has the following deposits and investments:

#### **Deposits**

	<b>2020</b>	<b>2019</b>

Total District	67,596,342	66,099,682	1,496,660
Building Corporation			
Money market mutual funds	5,056,610	5,056,610	-
Total Building Corporation	5,056,610	5,056,610	-
Total investments	\$ 72,652,952	\$ 71,156,292	\$ 1,496,660

A summary of carrying values of investments and deposits at June 30 were as follows:

	2020	2019
Deposits	\$ 45,224,994	\$ 48,567,637
Investments	71,496,266	72,652,952
	\$ 116,721,260	\$ 121,220,589

The investments and deposits at June 30 are shown on the statements of net position as follows:

	2020	2019
Cash and cash equivalents	\$ 56,538,221	\$ 46,426,776
Short-term investments	40,676,619	47,947,153
Long-term investments	19,506,420	26,846,660
Total	\$ 116,721,260	\$ 121,220,589

State law limits investments in government and municipal bonds and top-rated commercial paper as recognized by national rating organizations. The College has no investment policy that would further limit its investment choices. As of June 30, 2020, the College's repurchase agreement is invested in government agencies that are all rated Aaa, AA+ and AAA by Moody's Investors Services, Standards & Poor's and Fitch's ratings, respectively. The District's and Building Corporation's investments in money market mutual funds are invested in Treasury Obligations which is rated Aaa, AA+ and AAA by Moody's Investors Services, Standard & Poor's and Fitch's ratings, respectively. All other investments held by the District and the Building Corporation are

**The Metropolitan Community College**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

rated Aaa, AA+ and AAA by Moody's Investors Service, Standard & Poor's and Fitch's ratings, respectively.

The College places no limit on the amount the College may invest in any one issuer. In fiscal year 2020, more than five percent of the College's investments were invested in government agencies. These investments were 25 percent of total investments.

The College's deposit and investment balances were not exposed to custodial credit risk as of June 30, 2020 and 2019.

**Note 3: Capital Assets**

Capital assets consist of the following categories:

	2020				Ending Balance

The College elected not to capitalize their collection of library books. This collection adheres to the College's policy to (a) maintain them for public exhibition, education or research; (b) protect, keep unencumbered, care for, and preserve them; and (c) require proceeds from their sale to be used to acquire other collection items. Generally accepted accounting principles permit collections maintained in this manner to be charged to operations at the time of purchase rather than be capitalized.

Insurance replacement cost for buildings subject to lien under the Building Corporation's and the District's debt agreements are \$56,242,080. The Building Corporation constructs the educational facilities for the College and leases them to the College on annually renewable leases. The College has agreed to appropriate the amount required by the individual bond principal and interest requirements. This is subject to annual appropriation from the College's budget. The Building Corporation's Series 2014A and Series 2014B fall under this arrangement. Total principal and interest remaining on this debt was \$51,182,234 and \$56,896,418 as of June 30, 2020 and 2019, respectively, with final payment in fiscal 2029. Interest paid during the years ended June 30, 2020 and 2019 was \$1,364,184 and \$1,461,124, respectively.

**The Metropolitan Community College**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

***Building Corporation Series 2014***

On September 25, 2014, the Building Corporation issued Leasehold Revenue Refunding Bonds Series 2014A, \$37,895,000 non-taxable and Series 2014B, \$27,450,000 taxable bond issuance, with a weighted average interest rate of 3.06 percent for Series 2014A and 2.2545 percent for Series 2014B. The bonds were issued for the purpose of the advance refunding and legal defeasance of the balances of the Leasehold Revenue and Improvement Bonds Series 2006 of \$58,460,000 and Lease Certificates of Participation Bonds Series 2008 of \$29,535,000.

At June 30, 2020 and 2019, the current outstanding balance of these defeased bonds was \$40,495,000 and \$46,410,000, respectively. In accordance with accounting principles generally accepted in the United States of America, the outstanding balances of the defeased bonds Series 2006 and Series 2008 bonds are not reflected on the statements of net position of Building Corporation.

As provided in the bond indenture and the certificates, the Series 2014A and Series 2014B shall be subject to the redemption and payment prior to the stated maturity, upon instructions from the District, due to certain conditions or events affecting title, as a whole or in part on any date, at par (100 percent), plus accrued interest (if any) to the redemption date. During the years ended June 30, 2020 and 2019, none of the Series 2014A and Series 2014B were retired.

Series 2014A

	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>

- (A) On March 27, 2014, the College entered into a capital lease agreement with Dell Financial Services. The lease includes an interest-free \$1,976,942 agreement. The lease included wiring, wireless connectivity, security and other technology updates. The lease matured during the year ended June 30, 2020.
- (B) In June 2017, the College entered into a capital lease agreement with Dell Financial Services. The lease includes an interest-free \$360,562 agreement. The lease included virus protection software. The lease matured during the year ended June 30, 2020.

**The Metropolitan Community College**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

***Unearned Revenue - Contracts***

Unearned revenue – contracts can be summarized as follows:

	<b>2020</b>	<b>2019</b>
Follett agreement unearned revenue (A)	\$ 250,000	\$ 300,000
	250,000	300,000
Less current maturities	(50,000)	(50,000)
	\$ 200,000	\$ 250,000

(A) On July 1, 2015, the College entered into a 10-year agreement with Follett Higher Education Group, Inc. (“Follett”) to outsource bookstores for the College on five campuses terminating in 2025. The agreement required Follett to provide a one-time payment of \$500,000, which was received by the College during 2016. If the agreement is terminated before expiration, the College is to return the unamortized value of the one-time payment. As of June 30, 2020 and 2019, the unamortized value of the payment was \$250,000 and \$300,000, respectively.

**Note 5: Other Postemployment Benefits**

***Plan Description***

The College sponsors a single-employer defined benefit other postemployment benefit (OPEB) plan that provides life insurance, medical, vision and dental benefits to all qualifying retirees and their dependents. Under the College’s plan, an employee who meets the retirement criteria must have opted to retire before July 1, 2013 to receive these benefits. The criteria for retirement is the active employee must either be at least age 55 with 10 years of consecutive full-time service, or have 30 years of full-time service. Eligible retirees and their dependents receive coverage through a fully-insured plan, the same plans that are available for active employees. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

***Benefits Provided***

The life insurance benefit is two times final salary at retirement. The retiree pays no premiums on this coverage until age 65. If the retiree elects to continue this coverage from age 65 to age 70, they must pay the full premium. After age 70, this benefit is no longer available. The retiree is eligible to continue coverage of other benefits upon retirement by paying no premium until age 65 and the COBRA premium from age 65 onward. The employee can choose which benefits, medical, vision and/or dental they will continue to receive.

**The Metropolitan Community College**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

The employees covered by the OPEB Plan at June 30 are:

	<b>2020</b>	<b>2019</b>
Inactive employees or beneficiaries currently receiving benefit payments	434	427
Active employees	785	777
	1,219	1,204

**Total OPEB Liability**

The College's total OPEB liability of \$9,960,224 and \$9,909,390 was measured as of June 30, 2020 and 2019, respectively, and was determined by an actuarial valuation as of July 1, 2018, rolled forward to June 30, 2019 and June 30, 2020.

The total OPEB liability in the July 1, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Discount rate	2.66% per annum (end of period)
	3.36% per annum (beginning of period)
Salary increases	2.0% per year
Medical cost trend rates	8.0% for 2019, decreasing 0.5% per year for eight years ending at 4.5%
Dental cost trend rate	3.5% per year
Vision cost trend rate	2.5% per year
H.S.A. and F.S.A. contribution trend rate	2.0% per year

The discount rate used for the plan was the 20-year, tax-exempt municipal bond rate as there are no assets in the Plan.

Mortality rates were based on the RPH-2014 Adjusted to 2006 Total Dataset Headcount-weighted Mortality table with MP-2018 Full Generational Improvement.

The actuarial assumptions used in the July 1, 2018 valuation were based on the results of an actuarial experience study from 2016.

**The Metropolitan Community College**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

**Changes in Total OPEB Liability**

Changes in total OPEB liability are:

	<u>2020</u>	<u>2019</u>
Service cost	\$ 367,851	\$ 364,448
Interest	328,073	335,517
Changes in assumptions or other inputs	381,308	452,287
Benefit payments	<u>(1,026,398)</u>	<u>(1,110,909)</u>
Net change in OPEB	<u>50,834</u>	<u>41,343</u>
Net OPEB liability, beginning of year	<u>9,909,390</u>	<u>9,868,047</u>
Total OPEB liability, end of year	<u><u>\$ 9,960,224</u></u>	<u><u>\$ 9,909,390</u></u>

**Sensitivity of the Total OPEB Liability to Changes in the Discount Rate and Health Care Cost Trend Rates**

The total OPEB liability of the College has been calculated using a discount rate of 2.66 percent (3.36 percent in prior year). The following presents the total OPEB liability using a discount rate 1 percent higher and 1 percent lower than the current discount rate.

	<u>1% Decrease (1.66%)</u>	<u>Current Discount Rate (2.66%)</u>	<u>1% Increase (3.66%)</u>
College's total OPEB liability	\$ 10,705,223	\$ 9,960,224	\$ 9,556,266

The total OPEB liability of the College has been calculated using health care cost trend rates of 8.50 percent decreasing to 4.50 percent. The following presents the total OPEB liability using health care cost trend rates 1 percent higher and 1 percent lower than the current health care cost trend rates.

	<b>Health Care Cost Trend Rate (8.5%)</b>		
	<u>1% Decrease</u>	<u>Decreasing to 4.5%</u>	<u>1% Increase</u>
College's total OPEB liability	\$ 9,092,562	\$ 9,960,224	\$ 10,964,588

**The Metropolitan Community College**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

***OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB***

For the years ended June 30, 2020 and 2019, the College recognized OPEB expense of \$772,824 and \$718,292, respectively. For the years ended June 30, 2020 and 2019, the College recognized revenue of \$0 for support provided by nonemployer contributing entities. At June 30, 2020 and 2019, the College reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	2020		2019	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 266,925	\$ -	\$ 327,746	\$ -
Changes of assumptions	546,745	399,068	273,679	491,231
Total	<u>\$ 813,670</u>	<u>\$ 399,068</u>	<u>\$ 601,425</u>	<u>\$ 491,231</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources at June 30, 2020, related to OPEB will be recognized in OPEB expense as follows:

<u>Fiscal Year Ending</u>	<u>Amount</u>
2021	\$ 76,900
2022	76,900
2023	76,900
2024	76,900
2025	77,132
Thereafter	<u>29,870</u>
	<u>\$ 414,602</u>

# The Metropolitan Community College

## Notes to Financial Statements

### June 30, 2020 and 2019

#### Note 6: Retirement Plan and Net Pension Liability

##### ***General Information about the Pension Plan***

All full-time and certain part-time employees of the College participate either in the Public School Retirement System (“PSRS”) or the Public Education Employee Retirement System (“PEERS”), both of which are cost sharing multiple-employer public employee retirement systems, as required by the retirement law set forth in Chapter 169, *Revised Statutes of Missouri*.

*PEERS Plan Description.* PEERS is a mandatory cost-sharing multiple-employer retirement system for all public school district employees (except the school districts of St. Louis and Kansas City), employees of the Missouri Association of School Administrators and community college employees (except the Community College of St. Louis). Employees of covered districts who work 20 or more hours per week on a regular basis and who are not contributing members of the Public School Retirement System of Missouri (PSRS) must contribute to PEERS. Employees of PSRS who do not hold Missouri educator certificates also contribute to PEERS. PEERS was established as a trust fund by an Act of the Missouri General Assembly effective October 13, 1965. Statutes governing the System are found in Sections 169.600-169.715 and Sections 169.560-169.595 RSMo. The statutes place responsibility for the operation of PEERS on the Board of Trustees of the Public School Retirement System of Missouri. A Comprehensive Annual Financial Report (“CAFR”) can be obtained at [www.psr-peers.org](http://www.psr-peers.org).

*PSRS Plan Description.* PSRS is a mandatory cost-sharing multiple employer retirement system for all full-time certificated employees and certain part-time certificated employees of all public school districts in Missouri (except the school districts of St. Louis and Kansas City) and all public community colleges. PSRS also includes certificated employees of PSRS, Missouri State Teachers’ Association, Missouri State High School Activities Association and certain employees of the state of Missouri who elected to remain covered by PSRS under legislation enacted in 1986, 1987 and 1989. The majority of PSRS members are exempt from Social Security contributions. In some instances, positions may be determined not to be exempt from Social Security contributions. Any PSRS member who is required to contribute to Social Security comes under the requirements of Section 169.070 (9) RSMo, known as the “2/3s statute.” PSRS members required to contribute to Social Security are required to contribute two-thirds of the approved PSRS contribution rate and their employer is required to match the contribution. The members’ benefits are further calculated at two-thirds the normal benefit amount. A CAFR can be obtained at [www.psr-peers.org](http://www.psr-peers.org).

*PEERS Benefits Provided.* PEERS is a defined benefit plan providing service retirement and disability benefits to its members. Members are vested for service retirement benefits after accruing five years of service. Individuals who (a) are at least age 60 and have a minimum of five years of service, (b) have 30 years of service or (c) qualify for benefits under the “Rule of 80” (service and age total at least 80) are entitled to a monthly benefit for life, which is calculated using a 1.61 percent benefit factor. Members qualifying for “Rule of 80” or “30-and-out” are entitled to an additional temporary 0.8 percent benefit multiplier until reaching minimum Social Security age (currently age 62). Actuarially age-reduced retirement benefits are available with five years of service at age 55. Members who are younger than age 55 and who do not qualify under the “Rule of 80” but have between 25 and 29.9 years of service may retire with a lesser benefit factor. Members that are three years beyond normal retirement can elect to have their lifetime monthly

# The Metropolitan Community College

## Notes to Financial Statements

### June 30, 2020 and 2019

benefits actuarially reduced in exchange for the right to also receive a one-time partial lump sum (PLSO) payment at retirement equal to 12, 24 or 36 times the Single Life benefit amount. A Summary Plan Description detailing the provisions of the plan can be found on PSRS' website at [www.psr-peers.org](http://www.psr-peers.org).

*PSRS Benefits Provided.* PSRS is a defined benefit plan providing retirement, disability and death/survivor benefits. Members are vested for service retirement benefits after accruing five years of service. Individuals who (a) are at least age 60 and have a minimum of five years of service, (b) have 30 years of service or (c) qualify for benefits under the "Rule of 80" (service and age total at least 80) are entitled to a monthly benefit for life, which is calculated using a 2.5 percent benefit factor. Beginning July 1, 2001, and ending July 1, 2014, a 2.55 percent benefit factor is used to calculate benefits for members who have 31 or more years of service. Actuarially age-reduced benefits are available for members with five to 24.9 years of service at age 55. Members who are younger than age 55 and who do not qualify under the "Rule of 80" but have between 25 and 29.9 years of service may retire with a lesser benefit factor. Members that are three years beyond normal retirement can elect to have their lifetime monthly benefits actuarially reduced in exchange for the right to also receive a one-time PLSO payment at retirement equal to 12, 24 or 36 times the Single Life benefit amount. A Summary Plan Description detailing the provisions of the plan can be found on PSRS' website at [www.psr-peers.org](http://www.psr-peers.org). Since the prior valuation date, the benefit provisions were amended to make permanent an early retirement benefit allowing members to retire at any age after 25 years of service.

*PEERS Cost-of-Living Adjustments (COLA).* The PEERS board has established a policy of providing a 0.00 percent COLA for years in which the CPI increases between 0.00 percent and 2.00 percent, a 2.00 percent COLA for years in which CPI increases between 2.00 percent and 5.00 percent, and a COLA of 5.00 percent if the CPI increase is greater than 5.00 percent. If the CPI decreases, no COLA is provided. For any member, such adjustments commence on the fourth January after commencement of benefits and occur annually thereafter. The total of such increases may not exceed 80 percent of the original benefit for any member.

*PSRS Cost-of-Living Adjustments (COLA).* The PSRS board has established a policy of providing a 0.00 percent COLA for years in which the CPI increases between 0.00 percent and 2.00 percent, a 2.00 percent COLA for years in which CPI increases between 2.00 percent and 5.00 percent, and a COLA of 5.00 percent if the CPI increase is greater than 5.00 percent. If the CPI decreases, no COLA is provided. For any member retiring on or after July 1, 2001, such adjustments commence on the second January after commencement of benefits and occur annually thereafter. The total of such increases may not exceed 80 percent of the original benefit for any member.

*PEERS Contributions.* PEERS members were required to contribute 6.86 percent of their annual covered salary and employer cost of medical, dental and vision premiums during fiscal years 2020 and 2019. Employers were required to match the contributions made by employees. The contribution rate is set each year by the PSRS board of trustees upon the recommendation of the independent actuary within the contribution restrictions set in Section 169.030 RSMo. The annual statutory increase in the total contribution rate may not exceed 0.5 percent of pay.

**The Metropolitan Community College**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

*PSRS Contributions.* PSRS members were required to contribute 14.5 percent of their annual covered salary and employer cost of medical, dental and vision premiums during fiscal years 2020 and 2019. Employers were required to match the contributions made by employees. The contribution rate is set each year by the PSRS board of trustees upon the recommendation of the independent actuary within the contribution restrictions set in Section 169.030 RSMo. The annual statutory increase in the total contribution rate may not exceed 1 percent of pay. Contributions for employees of the State of Missouri were made by the state in accordance with the actuarially determined contribution rate needed to fund current costs and prior service costs of state employees as authorized in Section 104.342.8 RSMo.

*Contributions.* The College's contributions to PEERS were \$2,073,906 and \$2,075,850 and to PSRS were \$4,457,300 and \$4,417,861 for the years ended June 30, 2020 and 2019, respectively.

*Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.* At June 30, 2020 and 2019, the College recorded a liability of \$13,775,378 and \$14,053,319 for PEERS and \$46,214,001 and \$47,155,404, respectively, for PSRS for its proportionate share of the net pension liability. The net pension liability for the plan in total was measured as of June 30, 2019 and 2018 and determined by an actuarial valuation as of that date. At June 30, 2020 and 2019, the College's proportionate share was 0.6262 percent and 0.6336 percent, respectively, for PSRS and 1.7416 percent and 1.8187 percent, respectively, for PEERS.

For the years ended June 30, 2020 and 2019, the College recognized a pension expense of \$3,236,380 and \$2,561,892 for PEERS and \$7,463,835 and \$4,295,145 for PSRS, respectively, its proportionate share of the total pension expense.

**The Metropolitan Community College**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

At June 30, 2020, the College reported deferred outflows of resources and deferred inflows of resources from the following sources related to PEERS and PSRS pension benefits:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Balance of deferred outflows and inflows due to:		
Differences between expected and actual experience - PEERS	\$ -	\$ 291,975

Changes in proportion and differences between employer contributions and proportionate share of contributions - PSRS	536,540	1,933,157
Employer contributions subsequent to the measurement date - PEERS	1,997,125	-
Employer contributions subsequent to the measurement date - PSRS	4,447,951	-
	<u>4,447,951</u>	<u>-</u>
Total	<u>\$ 20,235,767</u>	<u>\$ 5,665,805</u>

**The Metropolitan Community College**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

Contributions subsequent to the measurement date of June 30, 2020 and 2019 of \$7,028,213 and \$6,445,076, respectively, were reported as deferred outflows of resources related to pensions and will be recognized as a reduction to the net pension liability in the years ending June 30, 2021 and 2020, respectively. Other amounts reported as collective deferred (inflows)/outflows of resources are to be recognized in pension expense as follows:

**Year Ending June 30**

2021	\$ 2,564,482
2022	(1,462,850)
2023	1,168,550
2024	848,286
2025	<u>(381,936)</u>
	<u><u>\$ 2,736,532</u></u>

*Actuarial Assumptions.* Actuarial valuations of PEERS and PSRS involves estimates of the reported amount and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and future salary increases. Amounts determined regarding the total pension liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The actuarial assumptions used in the June 30, 2019 and 2018 valuations were based on the results of an actuarial experience study for the period 2010 to 2015 for both PEERS and PSRS dated June 2016.

# The Metropolitan Community College

## Notes to Financial Statements

### June 30, 2020 and 2019

The total pension liability as of June 30, 2020 was determined based on an actuarial valuation prepared as of June 30, 2019 rolled forward one year, using the following actuarial assumptions:

Expected Return on Investments	7.50%, net of investment expenses and including 2.25% inflation.
Inflation	2.25%
Total Payroll Growth	PEERS: 3.25% per annum, consisting of 2.25% inflation, 0.50% additional inflation due to the inclusion of health care costs in pension earnings and 0.50% of real wage growth due to productivity. PSRS: 2.75% per annum, consisting of 2.25% inflation, 0.25% additional inflation due to the inclusion of health care costs in pension earnings and 0.25% of real wage growth due to productivity.
Future Salary Increases	PEERS: 4.00% - 11.00%, depending on service and including 2.25% inflation, 0.50% additional inflation due to the inclusion of health care costs in pension earnings and 0.50% of real wage growth. PSRS: 3.00% - 9.50%, depending on service and including 2.25% inflation, 0.25% additional inflation due to the inclusion of health care costs in pension earnings and 0.25% of real wage growth.
Cost-of-Living Increases	The annual cost-of-living adjustment (COLA) assumed in the valuation increases from 1.30% to 1.65% over seven years, beginning January 1, 2021. The COLA reflected for January 1, 2020 is 0%, in accordance with the actual COLA approved by the Board. This COLA assumption reflects an assumption that general inflation will increase from 1.90% to a normative inflation assumption of 2.25% over seven years. It is also based on the current policy of the Board to grant a COLA on each January 1 as follows: If the June to June change in the CPI-U is less than 2% for consecutive one year periods, a cost-of-living increase of 2% will be granted when the cumulative increase is equal to or greater than 2%, at which point the cumulative increase in the CPI-U will be reset to zero. For the following year, the starting CPI-U will be based on the June value immediately preceding the January 1 at which the 2% cost-of-living increase is granted. If the June to June change in the CPI-U is greater than or equal to 2%, but less than 5%, a cost-of-living increase of 2% will be granted. If the June to June change in the CPI-U is greater than or equal to 5%, a cost-of-living increase of 5% will be granted. If the CPI decreases, no COLA is provided. The COLA applies to service retirements and beneficiary annuities. The COLA does not apply to the benefits for in-service death payable to spouses (where the spouse is over age 60), and does not apply to the spouse with children pre-retirement death benefit, the dependent children pre-retirement death benefit, or the dependent parent death benefit. The total lifetime COLA cannot exceed 80% of the original benefit. PSRS members receive a COLA on the second January after retirement, while PEERS members receive a COLA on the fourth January after retirement.
Mortality Assumption Actives:	PEERS: RP 2006 Total Dataset Employee Mortality Table, multiplied by an adjustment factor of .75 at all ages for both males and females, with static projection using the 2014 SSA Improvement Scale to 2028. PSRS: RP 2006 White Collar Employee Mortality Table, multiplied by an adjustment factor of .75 at all ages for both males and females, with static projection using the 2014 SSA Improvement Scale to 2028.

# The Metropolitan Community College

## Notes to Financial Statements

### June 30, 2020 and 2019

Non-Disabled Retirees, Beneficiaries and Survivors:	PEERS: RP 2006 Total Dataset Employee Mortality Tables with plan-specific experience adjustments and static projection to 2028 using the 2014 SSA Improvement Scale. PSRS: RP 2006 White Collar Mortality Tables with plan-specific experience adjustments and static projection to 2028 using the 2014 SSA Improvement Scale.
Disabled Retirees:	RP 2006 Disabled Retiree Mortality Tables with static projection to 2028 using the 2014 SSA Improvement Scale.
Changes in Actuarial Assumptions and Methods	PEERS and PSRS: The investment return assumption was lowered from 7.60% to 7.50% per year.
Fiduciary Net Position	PEERS and PSRS issue a publicly available financial report that can be obtained at <a href="http://www.psr-peers.org">www.psr-peers.org</a> .
Long-term Expected Rate of Return	The long-term expected rate of return on PEERS' and PSRS' investments was determined using a building-block method in which best-estimate ranges of expected future real rates of returns (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PEERS' and PSRS' target allocations as of June 30, 2019 are summarized below.

Asset Class	Target Asset Allocation	Long-term Expected Real Rate of Return
U.S. public equity	27.0%	5.16%
Public credit	7.0%	2.17%
Hedged assets	6.0%	4.42%
Non-U.S public equity	15.0%	6.01%
U.S. Treasuries	16.0%	0.96%
U.S. TIPS	4.0%	0.80%
Private credit	4.0%	5.60%
Private equity	12.0%	9.86%
Private real estate	9.0%	3.56%
Total	<u>100%</u>	

# The Metropolitan Community College

## Notes to Financial Statements

### June 30, 2020 and 2019

The total pension liability as of June 30, 2019 was determined based on an actuarial valuation prepared as of June 30, 2018 rolled forward one year, using the following actuarial assumptions:

Expected Return on Investments	7.50%, net of investment expenses and including 2.25% inflation.
Inflation	2.25%
Total Payroll Growth	PEERS: 3.25% per annum, consisting of 2.25% inflation, 0.50% additional inflation due to the inclusion of health care costs in pension earnings and 0.50% of real wage growth due to productivity. PSRS: 2.75% per annum, consisting of 2.25% inflation, 0.25% additional inflation due to the inclusion of health care costs in pension earnings and 0.25% of real wage growth due to productivity.
Future Salary Increases	PEERS: 4.00% - 11.00%, depending on service and including 2.25% inflation, 0.5% additional inflation due to the inclusion of health care costs in pension earnings and 0.5% of real wage growth. PSRS: 3.00% - 9.50%, depending on service and including 2.25% inflation, 0.25% additional inflation due to the inclusion of health care costs in pension earnings and 0.25% of real wage growth.
Cost-of-Living Increases	The annual cost-of-living adjustment (COLA) assumed in the valuation increases from 1.25% to 1.65% over eight years, beginning January 1, 2020. The COLA reflected for January 1, 2019 is 2.00%, in accordance with the actual COLA approved by the Board. This COLA assumption reflects an assumption that general inflation will increase from 1.85% to a normative inflation assumption of 2.25% over eight years. It is also based on the current policy of the Board to grant a COLA on each January 1 as follows: If the June to June change in the CPI-U is less than 2% for consecutive one year periods, a cost-of-living increase of 2% will be granted when the cumulative increase is equal to or greater than 2%, at which point the cumulative increase in the CPI-U will be reset to zero. For the following year, the starting CPI-U will be based on the June value immediately preceding the January 1 at which the 2% cost-of-living increase is granted. If the June to June change in the CPI-U is greater than or equal to 2%, but less than 5%, a cost-of-living increase of 2% will be granted. If the June to June change in the CPI-U is greater than or equal to 5%, a cost-of-living increase of 5% will be granted. If the CPI decreases, no COLA is provided. The COLA applies to service retirements and beneficiary annuities. The COLA does not apply to the benefits for in-service death payable to spouses (where the spouse is over age 60), and does not apply to the spouse with children pre-retirement death benefit, the dependent children pre-retirement death benefit, or the dependent parent death benefit. The total lifetime COLA cannot exceed 80% of the original benefit. PSRS members receive a COLA on the second January after retirement, while PEERS members receive a COLA on the fourth January after retirement.
Mortality Assumption Actives:	PEERS: RP 2006 Total Dataset Employee Mortality Table, multiplied by an adjustment factor of .75 at all ages for both males and females, with static projection using the 2014 SSA Improvement Scale to 2028. PSRS: RP 2006 White Collar Employee Mortality Table, multiplied by an adjustment factor of .75 at all ages for both males and females, with static projection using the 2014 SSA Improvement Scale to 2028.

U.S. TIPS	4.0%	0.80%
Private credit	4.0%	5.60%
Private equity	12.0%	9.86%
Private real estate	9.0%	3.56%
Total	<u>100%</u>	

**The Metropolitan Community College**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

**Discount Rate**

The discount rate used to measure the total pension liability was 7.50 percent as of June 30, 2020 and 2019, and is consistent with the long-term expected geometric return on plan investments. The actuarial assumed rate of return was 8.0 percent from 1980 through fiscal year 2016. The board of trustees adopted a new actuarial assumed rate of return on 7.75 percent based on the actuarial experience studies and asset-liability study conducted during the 2016 fiscal year. The board of trustees further reduced the assumed rate of return to 7.60 percent effective with the June 30, 2017 valuation and then again to 7.5 percent effective with the June 30, 2018 valuation. The projection of cash flows used to determine the discount rate assumed that employer contributions would be made at the actuarially calculated rate computed in accordance with assumptions and methods stated in the funding policy adopted by the board of trustees, which requires payment of the normal cost and amortization of the unfunded actuarially accrued liability in level percent of employee payroll installments over 30 years utilizing a closed period, layered approach. Based on this assumption, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

**Sensitivity of the College's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate**

The sensitivity of the District's net pension liability to changes in the discount rate is presented below. The District's net pension liability calculated using the discount rate of 7.50 percent is presented as well as the net pension liability using a discount rate that is 1.0 percent lower (6.50 percent) or 1.0 percent higher (8.50 percent) than the current rate.

<b>Proportionate Share of the Net Pension Liability</b>	<b>1% Decrease</b>	<b>Current Rate</b>	<b>1% Increase</b>
As of June 30, 2020:	<b>(6.50%)</b>	<b>(7.50%)</b>	<b>(8.50%)</b>
PEERS	\$ 26,158,998	\$ 13,775,378	\$ 3,388,596
PSRS	84,071,353	46,214,001	14,746,815
As of June 30, 2019:	<b>(6.50%)</b>	<b>(7.50%)</b>	<b>(8.50%)</b>
PEERS	\$ 26,463,996	\$ 14,053,319	\$ 3,644,534
PSRS	84,529,587	47,155,404	16,093,560

The plans are multiemployer defined benefit plans. Both systems issue a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to either system at: P.O. Box 268, Jefferson City, Missouri 65102 or by calling 1.800.392.6848.

**The Metropolitan Community College**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

**Note 7: Missouri United School Insurance Council**

The Missouri United School Insurance Council (MUSIC) is a not-for-profit self-insurance association, which is designed to provide uniform property and casualty coverage under one comprehensive plan for participating school districts in Missouri. The College purchases insurance coverage for property, general liability, workers' compensation and medical malpractice (for allied health students).

Members pay annual premiums, which are retained to pay losses, fund an administrative budget, buy risk management services and purchase reinsurance for excessive losses.

Because MUSIC is a pooling arrangement comprised of member districts, the members are owners of the loss fund. In the event that the loss fund and related reserves are unable to cover claims, the members would be assessed additional premiums by MUSIC to cover the deficit. The College is not aware of any deficit situation in the MUSIC loss fund, which would require the accrual of a liability as of June 30, 2020 and 2019.

The College's self-insurance for losses occurring below the amount of the MUSIC coverage stop-loss, were \$371,009 and \$362,495 for calendar years 2020 and 2019, respectively. As of June 30, 2020 and 2019, an accrual of \$362,590 and \$353,475, respectively, has been made to cover the estimated exposure to claims the College would have to pay under its self-insurance agreement, including an estimate for claims incurred but not reported. This claims liability is based on estimates of the ultimate cost of claims including inflation factors and historical trend data. Other non-incremental costs are not included in the basis of estimating the liability.

**Note 8: Designations of Unrestricted Net Positions**

Unrestricted net position can be designated for specific purposes by action of the board or management. Designations for the use of unrestricted net position as of June 30, 2020 and 2019 are as follows:

	<u>2020</u>	<u>2019</u>
Designated for deferred maintenance	\$ 952,725	\$ 1,797,733
Designated for information technology	1,689,661	1,302,956
Unrestricted	<u>44,066,864</u>	<u>54,363,213</u>
Total	<u>\$ 46,709,250</u>	<u>\$ 57,463,902</u>

**The Metropolitan Community College**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

**Note 9: Defined Contribution Plan**

The College has a 403(b) defined contribution retirement plan covering all employees except for employees regularly attending classes at the College. The College matches contributions 66.67 percent per dollar, with an annual maximum limit of \$1,000. The participant is fully vested in amounts attributable to the plan contributions when such plan contributions are made. The College's expense under the plan was approximately \$537,000 and \$518,000 for the years ended June 30, 2020 and 2019, respectively.

**Note 10: Federal Assistance**

The College has received significant financial assistance from various federal agencies in the form of grants and entitlements. These programs are subject to audit by agents of the granting authority, or by independent public accountants under the *Single Audit Act*, the purpose of which is to ensure compliance with terms and conditions specified in these agreements. The College does not believe that liabilities for reimbursement, if any, will have a materially adverse effect upon the financial condition of the College.

**Note 11: Contingencies**

The College is named as a defendant in various legal actions arising in the normal course of operations. The College's management believes the resolution of those actions will not have a material effect on the College's financial statements.

**Note 12: Governmental Accounting Standards Board (GASB) Statements**

As of June 30, 2020, the GASB has issued statements that will require consideration and implementation by the College as follows:

In December 2017, GASB issued GASB Statement No. 84, *Fiduciary Activities*, to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The provisions of Statement No. 84 are effective for fiscal years beginning after December 15, 2019 (College's June 30, 2021 fiscal year). The effect of this Statement to the College has not yet been determined.

In June 2017, GASB issued GASB Statement No. 87, *Leases*, which establishes a uniform approach to accounting for and reporting leases based on the principle that all leases are, in substance, financings. The provisions of Statement No. 87 are effective for fiscal years beginning after December 15, 2020 (College's June 30, 2022 fiscal year). The effect of this Statement to the College has not yet been determined.

**The Metropolitan Community College**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

**Note 13: Disclosure About Fair Value of Assets**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

**Recurring Measurements**

The following table presents the fair value measurements of assets recognized in the accompanying financial statements measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at June 30, 2020 and 2019:

Description	Total	Level 1	Level 2	Level 3
<b>2020</b>				
Federal Farm Credit Bank	\$ 3,994,510	\$ -	\$ 3,994,510	\$ -
Federal National Mortgage Association	1,000,910	-	1,000,910	-
Treasury Bills	9,996,619	-	9,996,619	-
Money market mutual funds	<u>5,102,575</u>	<u>5,102,575</u>	<u>-</u>	<u>-</u>
Total investments measured at fair value	<u>\$ 20,094,614</u>	<u>\$ 5,102,575</u>	<u>\$ 14,992,039</u>	<u>\$ -</u>
<b>2019</b>				
Federal Home Loan Bank	\$ 574,074	\$ -	\$ 574,074	\$ -
Federal National Mortgage Association	922,586	-	922,586	-
Treasury Bills	24,790,153	-	24,790,153	-
Money market mutual funds	<u>5,056,610</u>	<u>5,056,610</u>	<u>-</u>	<u>-</u>
Total investments measured at fair value	<u>\$ 31,343,423</u>	<u>\$ 5,056,610</u>	<u>\$ 26,286,813</u>	<u>\$ -</u>

Federal Home Loan Bank and Federal National Mortgage Association securities classified as Level 2 of the fair value hierarchy are valued using third-party pricing services based on market observable information such as market quotes for similar assets, as well as normal market pricing considerations such as duration, interest rates and prepayment assumptions.

**The Metropolitan Community College**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

**Note 14: Tax Abatements**

For the fiscal year ended June 30, 2020, the College’s property tax revenue was reduced through abatements and diversions through various incentive granting agencies and entities with an impact to the College totaling an estimated \$5,815,814 under the following programs:

Tax Abatement Program	Amount of Taxes Abated during the Fiscal Year
Tax Increment Financing	\$ 2,268,123
Chapter 353 Abatement	568,831
Chapter 100 Bonds	276,275
Chapter 99 Abatement	102,764
EEZ	79,215
Multi-Abatement	2,520,606
	\$ 5,815,814

The College is subject to tax abatements and diversions granted or entered into by other government entities through various incentive granting agencies and entities as outlined below:

Tax Increment Financing – Grants tax diversion to promote new investment, infrastructure improvements and job growth by providing financial assistance and incentive to redevelopers. Created pursuant to Section 99.800 of the Revised Statutes of Missouri.

Chapter 353 Abatement – Grants tax abatement to encourage investment and assist in the removal of blight and blighting conditions within urban redevelopment areas. Created pursuant to Sections 353.010 to 353.190 RSMo and City Ordinance 140306.

Chapter 100 Bonds – The City of Kansas City can issue taxable bonds to assist with construction or rehabilitation of eligible commercial facilities. The City takes formal ownerships of the business assets and, therefore, provides property (real and personal) abatement for up to 10 years. Created pursuant to Sections 100.010 to 100.200 RSMo.

Chapter 99 Abatement – Grants abatement through several programs to encourage investment and assist in redevelopment of designated real property resulting in real property tax abatement for certain projects. Created pursuant to Section 99 of the Revised Statutes of Missouri.

EEZ – Grants property tax abatement to encourage job creation and investment by providing tax credits and property tax abatement to new or expanding businesses located in an Enhance Enterprise Zone (EEZ). Created pursuant to Sections 135.950 to 135.973 RSMo and City Ordinances 051411, 051412 and 051413.

# The Metropolitan Community College Foundation

## Notes to Financial Statements

June 30, 2020 and 2019

### Note 15: Foundation

The following disclosures pertain to the discretely presented component unit.

#### ***Summary of Significant Accounting Policies***

##### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Although these estimates are based on management's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

##### Cash and Cash Equivalents

The Foundation considers all liquid investments with original maturities of three months or less to be cash equivalents. Uninvested cash and cash equivalents included in investment accounts, including endowment accounts, are considered to be cash and cash equivalents. At June 30, 2020 and 2019, cash equivalents consisted primarily of investments in money market mutual funds. At June 30, 2020, the Foundation's cash accounts exceeded federally insured limits by approximately \$8,000.

##### Net Investment Return

Investment return includes dividend, interest and other investment income; realized and unrealized gains and losses on investments carried at fair value; and realized gains and losses on other investments, less external and direct internal investment expenses. Gains and losses on the sale of securities are recorded on the trade date and are determined using the specific identification method.

Investment return that is initially restricted by donor stipulation and for which the restriction will be satisfied in the same year is included in net assets without donor restrictions. Other investment return is reflected in the statements of activities with or without donor restrictions based upon the existence and nature of any donor or legally imposed restrictions.

The Foundation maintains pooled investment accounts for its endowments. Investment income and realized and unrealized gains and losses from securities in the pooled investment accounts are allocated annually to the individual endowments based on the relationship of the fair value of the interest of each endowment to the total fair value of the pooled investments accounts, as adjusted for additions to or deductions from those accounts.

##### Deferred Revenue

Revenue from conditional grants for the Foundation is deferred and recognized over the periods to which the related expenses are incurred.

# The Metropolitan Community College Foundation

## Notes to Financial Statements

### June 30, 2020 and 2019

#### Net Assets

Net assets, revenues, gains and losses are classified based on the existence or absence of donor restrictions. Net assets without donor restrictions are available for use in general operations and not subject to donor restrictions. The governing board has designated, from net assets without donor restrictions, net assets for a board-designated endowment, capital campaign and new initiatives.

Net assets with donor restrictions are subject to donor restrictions. Some restrictions are temporary in nature, such as those that will be met by the passage of time or other events stipulated by the donor. Other restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

#### Contributions

Contributions are provided to the Foundation either with or without restrictions placed on the gift by the donor. Revenues and net assets are separately reported to reflect the nature of those gifts – with or without donor restrictions. The value recorded for each contribution is recognized as follows:

<b><u>Nature of the Gift</u></b>	<b><u>Value Recognized</u></b>
<i>Conditional gifts, with or without restrictions</i>	
Gifts that depend on the Foundation overcoming a donor-imposed barrier to be entitled to the funds	Not recognized until the gift becomes unconditional, <i>i.e.</i> , the donor-imposed barrier is met
<i>Unconditional gifts, with or without restrictions</i>	
Received at date of gift – cash and other assets	Fair value
Received at date of gift – property, equipment and long-lived assets	Estimated fair value
<i>Unconditional gifts, with or without restrictions</i>	
Expected to be collected within one year	Net realizable value
Collected in future years	Initially reported at fair value determined using the discounted present value of estimated future cash flows technique

# The Metropolitan Community College Foundation

## Notes to Financial Statements

### June 30, 2020 and 2019

In addition to the amount initially recognized, revenue for unconditional gifts to be collected in future years is also recognized each year as the present-value discount is amortized using the level-yield method.

When a donor stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. Absent explicit donor stipulations for the period of time that long-lived assets must be held, expirations of restrictions for gifts of land, buildings, equipment and other long-lived assets are reported when those assets are placed in service.

Gifts and investment income that are originally restricted by the donor and for which the restriction is met in the same time period the gift is received are recorded as revenue with donor restrictions and then released from restriction.

Conditional contributions and investment income having donor stipulations which are satisfied in the period the gift is received and the investment income is earned are recorded as revenue with donor restriction and then released from restriction.

#### Income Taxes

The Foundation is exempt from income taxes under Section 501 of the Internal Revenue Code and a similar provision of state law. However, the Foundation is subject to federal income tax on any unrelated business taxable income. The Foundation files tax returns in the U.S. federal jurisdiction.

#### Functional Allocation of Expenses

The costs of supporting the various programs and other activities have been summarized on a functional basis in the statements of activities. The statements of functional expenses within the notes present the natural classification detail of expenses by function. Certain costs have been allocated among the program and support services based on square footage and other methods.

#### Subsequent Events

Subsequent events have been evaluated through November 20, 2020, which is the date the financial statements were available to be issued.

#### **Changes in Accounting Principle**

On July 1, 2019, the Foundation adopted the Financial Accounting Standards Board Accounting Standards Update 2014-09, *Revenue from Contracts with Customers* (Topic 606), (ASU 2014-09) using a modified retrospective method of adoption. The adoption of ASU 2014-09 did not have a material impact on the financial statements or notes to the financial statements.

On July 1, 2019, the Foundation adopted the Financial Accounting Standards Board Accounting Standards Update 2018-08, *Not-for-Profit Entities: Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*, using a modified prospective method of adoption to agreements that were not complete as of or entered into after the effective date.

# The Metropolitan Community College Foundation

## Notes to Financial Statements

June 30, 2020 and 2019

The core guidance in ASU 2018-08 provided clarification on the determination of a contribution versus an exchange transaction. In addition, the standard clarified the requirements for determining whether a contribution is conditional. Adoption of ASU 2018-08 did not have a material impact on the financial statements or notes to the financial statements.

### ***Investments, Fair Value Measurements and Disclosures***

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

### Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of financial position measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at June 30, 2020 and 2019:

	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

	<u>\$ 13,068,587</u>	<u>\$ 10,012,772</u>	<u>\$ 3,055,815</u>	<u>\$ -</u>

Following is a description of the valuation methodologies and inputs used for assets and liabilities measured at fair value on a recurring basis and recognized in the accompanying statements of financial position, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended June 30, 2020 and 2019.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy.

# The Metropolitan Community College Foundation

## Notes to Financial Statements

June 30, 2020 and 2019

### Contributions Receivable

Contributions receivable at June 30, 2020 and 2019 consisted of the following unconditional promises to give discounted using the discount rate for the year the receivable was originally pledged at 2.70 percent:

	<u>2020</u>	<u>2019</u>
Due within one year	\$ 21,804	\$ 46,912
Less		
Allowance for uncollectible contributions	-	831
Unamortized discount	-	1,246
	<u>\$ 21,804</u>	<u>\$ 44,835</u>

All contributions receivable at June 30, 2020 and 2019 were recorded as contributions receivable with donor restriction.

### Net Assets

#### Net Assets With Donor Restrictions

Net assets with donor restrictions at June 30, 2020 and 2019 are restricted for the following purposes or periods:

Linscomb Foundation KCCA	18,709	-
Other	236,528	161,083
	<u>\$ 965,926</u>	<u>\$ 823,560</u>

### Net Assets Without Donor Restrictions

Net assets without donor restrictions at June 30, 2020 and 2019 have been designated for the following purposes:

	<u>2020</u>	<u>2019</u>
Board-designated quasi-endowment	\$ 318,211	\$ 307,375
Undesignated	3,781,572	3,774,818
	<u>\$ 4,099,783</u>	<u>\$ 4,082,193</u>

### **Endowment**

The Foundation's governing body is subject to the *Uniform Prudent Management of Institutional Funds Act* (UPMIFA). As a result, the Foundation classifies amounts in its donor-restricted endowment funds as net assets with donor restrictions because those net assets are time restricted until the governing body appropriates such amounts for expenditures. Most of those net assets also are subject to purpose restrictions that must be met before being reclassified as net assets without donor restrictions.

# The Metropolitan Community College Foundation

## Notes to Financial Statements

June 30, 2020 and 2019

Additionally, in accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. Duration and preservation of the fund
2. Purposes of the Foundation and the fund
3. General economic conditions
4. Possible effect of inflation and deflation
5. Expected total return from investment income and appreciation or depreciation of investments
6. Other resources of the Foundation
7. Investment policies of the Foundation

The Foundation's endowment consists of approximately 148 individual funds established for a variety of purposes. The endowment includes both donor-restricted endowment funds and funds designated by the governing body to function as endowments (board-designated endowment funds). As required by accounting principles generally accepted in the United States of America (GAAP), net assets associated with endowment funds, including board-designated endowment funds, are classified and reported based on the existence or absence of donor-imposed restrictions.

	<b>Without Donor Restrictions</b>	<b>With Donor Restrictions</b>	<b>Total</b>
<b>June 30, 2020</b>			
Board-designated	\$ 318,211	\$ -	\$ 318,211
Donor-restricted			
Original donor-restricted gift amount and amounts required to be maintained in perpetuity by donor	-	5,392,595	5,392,595
Accumulated investment gains	-	2,723,726	2,723,726
<b>Total endowment funds</b>	<b><u>\$ 318,211</u></b>	<b><u>\$ 8,116,321</u></b>	<b><u>\$ 8,434,532</u></b>
<b>June 30, 2019</b>			
Board-designated	\$ 307,375	\$ -	\$ 307,375
Donor-restricted			
Original donor-restricted gift amount and amounts required to be maintained in perpetuity by donor	-	5,291,562	5,291,562
Accumulated investment gains	-	2,887,157	2,887,157
<b>Total endowment funds</b>	<b><u>\$ 307,375</u></b>	<b><u>\$ 8,178,719</u></b>	<b><u>\$ 8,486,094</u></b>

**The Metropolitan Community College Foundation**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

Changes in endowment net assets for the years ended June 30, 2020 and 2019 were:

	<b>Without Donor Restrictions</b>	<b>With Donor Restrictions</b>	<b>Total</b>
Endowment net assets, June 30, 2018	\$ 280,802	\$ 7,910,624	\$ 8,191,426
Investment return, net	29,740	397,195	426,935
Contributions	-	83,911	83,911
Appropriation of endowment assets for expenditures	<u>(3,167)</u>	<u>(213,011)</u>	<u>(216,178)</u>
Endowment net assets, June 30, 2019	<u>307,375</u>	<u>8,178,719</u>	<u>8,486,094</u>
Investment return, net	13,410	120,946	134,356
Contributions	18,242	99,758	118,000
Appropriation of endowment assets for expenditures	<u>(20,816)</u>	<u>(283,102)</u>	<u>(303,918)</u>
Endowment net assets, June 30, 2020	<u>\$ 318,211</u>	<u>\$ 8,116,321</u>	<u>\$ 8,434,532</u>

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level the Foundation is required to retain as a fund of perpetual duration pursuant to donor stipulation or UPMIFA. In accordance with GAAP, there were no deficiencies of this nature reported at June 30, 2020 and 2019.

The Foundation has adopted investment and spending policies for its endowment fund. The objective of these policies is to provide the Foundation a predictable funding stream for its programs while protecting the purchasing power of the endowment fund. In accordance with the Foundation's investment policy, the endowment fund shall be invested to provide for total return. Endowment assets include those assets of donor-restricted endowment funds the Foundation must hold in perpetuity or for donor-specified periods, as well as those of board-designated endowment funds. Under the Foundation's policies, the endowment fund shall be invested in a diversified portfolio, consisting of common stocks, bonds, cash equivalents and other investments, which may reflect varying rates of returns. The overall rate of return objective of the portfolio is a reasonable "real" rate, consistent with the risk levels established by the Endowment and Investment Committee of the board of directors.

# The Metropolitan Community College Foundation

## Notes to Financial Statements

June 30, 2020 and 2019

The Foundation recognizes the need for spendable income by the beneficiaries of the endowment and long-term institutional funds under their custodianship. The spending policy reflects an objective to distribute as much total return as is consistent with overall investment objectives defined above while protecting the real value of the endowment fund principal. The board approved spending percentage, based on the average collected fund balance, was 7 percent for the fiscal year ended June 30, 2020 and 6 percent for the fiscal year ended June 30, 2019.

### **Liquidity and Availability**

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of June 30, 2020 and 2019 comprise the following:

	<b>2020</b>	<b>2019</b>
Financial Assets		
Cash and cash equivalents	\$ 658,876	\$ 697,304
Marketable securities	12,861,166	13,068,587
Contributions receivable	21,804	44,835
	<hr/>	<hr/>
Financial Assets, at year-end	13,541,846	13,810,726
	<hr/>	<hr/>
Less those unavailable for general expenditures within one year, due to		
Contractual or donor-imposed restrictions	9,171,390	9,141,709
Board designations	318,211	307,375
	<hr/>	<hr/>
	9,489,601	9,449,084
	<hr/>	<hr/>
Financials assets available to meet cash needs for general expenditures within one year	\$ 4,052,245	\$ 4,361,642
	<hr/> <hr/>	<hr/> <hr/>

The Foundation recognizes contributed services from The Metropolitan Community College in support of management and general and fundraising activities. Due to this support, the Foundation's operating expenditures primarily consist of scholarships and donor restricted project expenditures.

The Foundation's accumulated investment earnings related to endowment are reviewed annually for expenditure. Each year the board of directors approves a scholarship allocation for endowed scholarships and projects. Consideration is given to retain enough earnings to offset future negative market fluctuations and provide a payout for individual scholarships in those future periods when smaller/negative investment returns occur. As of June 30, 2020 and 2019, the accumulated investment earnings in the endowment were \$2,723,726 and \$2,887,157, respectively, and are available for the scholarship allocation. The Foundation has determined that any donor restrictions are not considered available for general expenditure.

Within the net assets without donor restrictions, the Foundation's board of directors has reserved \$318,211 and \$307,375 for board designated projects as of June 30, 2020 and 2019, respectively. These funds can be reallocated should the need arise.

# The Metropolitan Community College Foundation

## Notes to Financial Statements

### June 30, 2020 and 2019

#### ***Related Party Transactions***

The College provides the Foundation with office space and furniture and equipment without charge. The Executive Director and staff of the Foundation are employed by the College without compensation from the Foundation and the Financial Services Department of the College also provides accounting processing services to the Foundation. In connection with the personnel and services provided by the College, the Foundation recognized contributed services revenue and related offsetting expense in the amount of \$453,322 and \$471,260 for the years ended June 30, 2020 and 2019, respectively. Included in these amounts are payments to outside vendors/contractors for advisory services and other expenses supporting the Foundation.

No amounts have been reflected in the financial statements for donated services, which do not create or enhance nonfinancial assets or which do not require specialized skills; however, time and resources have been contributed by volunteers in furtherance of the Foundation's mission.

Substantially all program expenses included in the statements of activities are reimbursed to the College as the result of College payments on behalf of the Foundation. Accordingly, the balances "Due to The Metropolitan Community College" on the statements of financial position of \$273,679 and \$370,924 at June 30, 2020 and 2019, respectively, represent amounts due to the College not yet reimbursed at year-end.

#### ***Significant Estimates and Concentrations***

Accounting principles generally accepted in the United States of America require disclosure of certain significant estimates and current vulnerabilities due to certain concentrations. Those matters include the following:

##### Contributions

Approximately 15 percent of all contributions were received from one donor in 2020.  
Approximately 31 percent of all contributions were received from two donors in 2019.

Approximately 20 percent and 28 percent of all contributions were received from one fundraising event in 2020 and 2019, respectively.

##### Investments

The Foundation invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the accompanying statements of financial position.

**The Metropolitan Community College Foundation**  
**Notes to Financial Statements**  
**June 30, 2020 and 2019**

**Functional Allocation of Expenses**

The costs of supporting the various programs and other activities have been summarized on a functional basis. The allocation of functional expenses present the natural classification detail of expenses by function. Certain costs have been allocated among the program, management and general and fundraising categories based on the time estimates and other methods. Allocation of functional expense as of June 30, 2020 and 2019 were as follows:

	<b>2020</b>						
	<b>Program Services</b>			<b>Support Services</b>			<b>Total</b>
	<b>Scholarships and Grants</b>	<b>Foundation Projects</b>	<b>Total Program Services</b>	<b>Management &amp; General</b>	<b>Fundraising</b>	<b>Total Support Services</b>

**Notes to Financial Statements**  
**June 30, 2020 and 2019**

**Note 16: Coronavirus Aid, Relief, and Economic Security Act and Other Events**

As a result of the spread of the SARS-CoV-2 virus and the incident of COVID-19, the state of Missouri issued shelter-in-place orders and other measures around public gathering and business operations to slow the spread of the virus. Furthermore, colleges and universities across the county took unprecedented action to protect the health and safety of students. In March 2020, the College announced that campus operations were being suspended and all students were transitioned to a distance education framework through the end of the academic term. Given the uncertainty in the epidemiological and economical outlook, economic uncertainties have arisen which may negatively affect the financial position, results of operations and cash flows of the College. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

On March 27, 2020, the President signed into law the *Coronavirus Aid, Relief, and Economic Security Act* (CARES). The CARES Act created a Higher Education Emergency Relief Fund (HEERF) specifically for emergency aid grants to students for expenses related to the disruption of campus operations due to COVID-19 and also direct aid to institutions to cover costs associated with the significant changes to the delivery of instruction due to COVID-19. The College was awarded a student share of \$4,354,525 and an institutional share of \$4,354,524 that totaled \$8,709,049 under this program. As of June 30, 2020, the College distributed \$2,958,203 of the student share to eligible students through emergency grants and expended \$44,589 of the institutional share.

**Note 17: Condensed Combining Information**

Condensed combining information for the College as of and for the fiscal year ended June 30 is as follows:

	2020			
	District	Building Corporation	Eliminations	Total

# The Metropolitan Community College

## Notes to Other Supplementary Financial Information

### June 30, 2020

Funds statements are still used to manage the colleges and for external reporting to various agencies and have been included in the “Other Supplementary Information” section of the accompanying report for informational purposes. The main difference between the Colleges’ primary audited financial statements and the funds statement presentations is the treatment of scholarship aid used for tuition and fees. The primary statements per GASB 35 require such aid to be offset against tuition and fees, whereas the funds statements reflect gross tuition and fees and scholarship aid.

Fund accounting is the procedure by which resources are classified for accounting and reporting purposes into funds that are maintained in accordance with activities or specific objectives. Separate accounts are maintained for each fund. Funds that have similar characteristics have been combined into fund groups. Accordingly, all financial transactions have been recorded and reported by fund groups.

The assets, liabilities and fund balances of the Colleges are reported in two self-balancing fund groups as follows:

**Current Funds** include two separate fund groups, unrestricted and restricted, both of which are currently expendable for purposes of meeting the primary objectives of the Colleges, *i.e.*, instruction, public service and related supporting services. The unrestricted funds group, over which the College’s governing board retains full control to use in achieving any of its institutional purposes, includes the operational (general, business/continuing education and special projects), auxiliary enterprise and agency funds. The general fund is used for all operational-type charges that are not covered by the following two categories. The business/continuing education fund is utilized to account for contracted instructional activities with the business community and most other noncredit instruction. The special projects fund is used to account for programs, which have been internally designated by the College’s governing board as pilot projects or require special accountability. Resources restricted by donors or other outside agencies for specific current operating purposes are accounted for in the restricted funds group, which includes the restricted and student aid funds.

**Plant Funds** include resources available for future plant acquisitions, renewals and replacements, resources restricted for the retirement of indebtedness and funds which have been invested in the plant. These funds are broken into two separate sections: **Plant Funds** and **Building Corporation** plant funds.

**Report on Internal Control Over Financial Reporting and on  
Compliance and Other Matters Based on an  
Audit of Financial Statements Performed in Accordance with  
*Government Auditing Standards***

**Independent Auditor's Report**

Board of Trustees  
The Metropolitan Community College  
Kansas City, Missouri

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities and the discretely presented component unit of The Junior College District of Metropolitan Kansas City, Missouri (d/b/a The Metropolitan Community College, the "College") as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated November 20, 2020. The financial statements of The Metropolitan Community College Foundation, a discretely presented component unit, were not audited in accordance with *Government Auditing Standards*.

***Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of College's internal control. Accordingly, we do not express an opinion on the effectiveness of College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
