

Intent to Attend

This is to notify MCC that I am enrolled in, and will attend the following class(es):

Class	Start Date

By signing this notification, I am confirming my intent to attend the above class(es).

Signature: _____

Student ID: _____ Date: _____

This intent to attend must be signed and given to the Financial Aid Office when a student ceases attendance in current classes but is still enrolled in a future-dated class in the same term.

Without confirmation of future attendance, MCC must assume a student who has ceased attendance has withdrawn and must begin the Return of Title IV Funds process. MCC is expected to begin the Return of Title IV Funds process immediately upon its determination that a student has withdrawn in order to perform required actions in a timely manner. MCC may only delay the Return of Title IV Funds process if this written confirmation of future attendance is provided.
