SERVICE ACTIVITIES OF INSTRUCTIONAL PROGRAMS

6.15040 DR

The operation of service activities in the curriculum of each campus can be an effective learning system for students. Therefore, the college presidents will develop and implement those service activities which are appropriate to each instructional program.

Each service activity will have an operational manual which includes the services to be rendered, charges to be made, disposition of funds, responsibility for managing, and those eligible to participate. In all cases, the district shall have responsibility for all funds and transactions, as well as income and expenses.
