Associate in Arts (A.A.) Studio Art - Advising Guide

The mission of the Metropolitan Community College Art Program is to develop students' visual literacy and awareness that art is practiced in a variety of forms within different cultures. Our curriculum provides students with a strong foundation in the research, interpretive, and technical skills needed to make and study meaningful works of art while preparing them for continued practice in their field or for articulation to a Bachelor's Degree program.

Semester 1			
Course	Credits	Action Items

Any Studio ART Designations (Elective)	3	
Total Credits	9	
Credits Required	60*	
<p><i>*The A.A. degree requires at least 60 total credits to graduate. When selecting a course from multiple options, please consider the number of credits for each course to ensure meeting the minimum requirements for graduation.</i></p>		

This Pathway Map is an advising tool designed for full-time students on this A.A. degree and identifies the course taking recommendation for timely degree completion. Please be aware that all pathway maps can be modified to fit the individual needs of students. Degree requirements and prerequisite information can be found here: <https://www.mcckc.edu/programs/aa/> All students are encouraged to meet with their academic advisor to develop an individualized completion plan that best meets their goals, interests, and objectives.

^Course requires a prerequisite or appropriate placement, see catalog for additional information.

^^Two natural sciences courses are required for this degree and must be from two different disciplines. Example: a biology and a chemistry class.
