Credits Required

*The AA degree requires a minimum of 60 credit hours for graduation. When selecting courses from multiple options, please consider the number of credits for each course to ensure meeting the minimum requirements for graduation.

6-7 60*

This Pathway Map is an advising tool designed for full-time students on this A.A. degree and identifies the course taking recommendation for timely degree completion. Please be aware that all pathway maps can be modified to fit the individual needs of students. Degree requirements and prerequisite information can be found here: <u>https://www.mcckc.edu/programs/aa/</u> All students are encouraged to meet with their academic advisor to develop an individualized completion plan that best meets their goals, interests, andobjectives.

^Course requires a prerequisite or appropriate placement, see catalog for additional information.

[^]Two natural sciences courses are required for this degree and must be from two different disciples. Example: a biology and a chemistry class.
