

## FREE DENTAL ASSISTING BOOT CAMP

### Saturday April 11<sup>th</sup>, 2026

### 8:30AM - 3:00PM

If you're exploring the dental field, the Boot Camp taught by MCC Penn Valley-Health Science Institute(HSI) faculty and graduates is the perfect opportunity to have one-day, hands-on experience with the profession of Dental Assisting.

#### Description

Dental assistants are critical healthcare professionals and the demand for more continues to rise. This bootcamp will help you understand the roles of a dental assistant through a look at the knowledge, essential skills, interpersonal communication and abilities needed to be successful in the industry. Learn about MCC Penn Valley-HSI course offerings that can help you achieve your career goal as a dental assistant through a series of hands-on activities.

#### Objectives

- have developed a better understanding of the roles and responsibilities of a dental assistant.
- have explored and gained basic knowledge and skills necessary for working as a dental assistant.
- have explored skills and techniques utilized in the dental assisting field.
- have reviewed educational opportunities available for licensure.
