

**Metropolitan Community College-Penn Valley-HSI**  
**Physical Therapist Assistant Program**  
**Policy-Assignment to Clinical Rotations**

1. Clinical assignments are made by the ACCE and are primarily based on student's educational needs and the clinical availability.
2. The student will be assigned to 4 clinical rotations, one of which must be an acute/rehab and one must be outpatient orthopedic.
3. Consideration is given to location when possible with students driving no more than one hour one way.
4. The student may not complete a clinical where previously employed in the PT department
5. A student should present in writing any special requests for clinicals to the ACCE for consideration.
6. Information about the current clinical sites is on file in the ACCE's office.
7. A student may wish to affiliate with a site not currently utilized. Students should consult with the ACCE. New clinical sites will be added at the discretion of the ACCE and Clinical Contract Coordinator
