## COUNCIL OR COUNCIL-RELATED COMMITTEE MEETING AGENDA AND NOTES DATE: 12/10/24

**LOCATION: Remote Via Teams** 

<b>GROUP PURPOSE (Can be sourced directly from</b>
charter)

The committee will analyze technology districtwide for strength, weaknesses, opportunities, and threats.

The analysis will cover the following areas:
Administrative Technology, Campus Technology,
Academic Technology, Technology Operations,
Systems Infrastructure, User Support, Enterprise
Applications, and Information Security.
The committee will evaluate district-wide
technology effectiveness and recommend a

prioritized innovative list of technology projects for improvement.

This body will not be an implementing body—instead, recommendations considered will be implemented by the Vice Chancellor of

Effectiveness, Research and Technology, and

## INSTITUTIONAL VALUES

**Excellence** – We deliver our very best as an employer, community partner, educator and workforce training provider for all of Kansas City.

**Learning** – We promote personal, professional and lifelong learning opportunities that positively impact lives and shape the Kansas City workforce.

**Equity** – Our institutional infrastructure fosters equity in employment and student learning and eliminates barriers to success for anyone.

**People** – People serve as the cornerstone of what we do and why we do it. We invest in employee development, intentionally recruit and retain a workforce that represents the communities we serve, and embrace individuals of all walks of life as valued members of the MCC Wolf Pack.

Integrity – We conduct ourselves transparently, ethically and in ways that honor the trust placed in us by our students, employees, and communities we serve

	Review 10/8/24 DTCC meeting minutes	Nov DTCC meeting was cancelled.			
	Student Loaner Laptop Update: Matt Wilkinson	<ul> <li>The 200 new laptops, funded by a Kaufmann Foundation Grant, have been received and distributed 50 each to each campus library.</li> <li>Original (COVID-era) laptops (approx. 800) should be retired from service at the end of the Spring 2025 because Windows 10 reaches end of life in the Fall of 2025 and those laptops cannot support Windows 11.</li> <li>A new grant was recently applied to for additional student loaner laptops, but those will be specifically used for TRIO and WED programs and not the general MCC student population.</li> <li>MCC IT will request additional funding for more new student loaner laptops for FY26.</li> </ul>	<ul> <li>Total of 200 that were distributed to each campus library. 800 (estimate) of original COVID laptops, working to replace all 800 and making progress.</li> <li>Missouri Department of Education (Devices Grant) – student loaner laptops and hotspots to WED and TRIO.</li> <li>IT will continue to seek additional funding from grants for our student loaner laptop program.</li> </ul>	Equity	
	IT Preparations for Spring 2025 Semester: Matt Wilkinson	Continue with existing IT preparations, which include having Desktop Techs staffing walk-up areas at each campus for	<ul> <li>Repeating Physical and digital signage across campuses for beginning of Spring semester for IT support.</li> </ul>	People	

	the first week of the semester . (Example from Fall 2024)  • Physical signs and digital signage advertising these hours and locations will be distributed/displayed		
New for Spring 2025: Matt Wilkinson	<ul> <li>Cybersecurity tips in brochure form will be prepared and included in the New Student Information Packets that are distributed during Wolfpack welcome.</li> <li>IT is considering trying to extend on-site tech and x1888 (IT help desk) hours into the early evening. This is still pending.</li> </ul>	<ul> <li>Phishing Brochure and MFA document will be included in the New Student Orientation beginning in January.</li> <li>Working to see what we can do the first week of the semester to try to extend onsite tech support. Typically, hours do not extend past 5 PM but trying to see if this is possible for the first week only. TBD, but doing our best to make this happen.</li> </ul>	People
Grant News: Matt Wilkinson	<ul> <li>MO Dept of Economic Development "Digital Opportunity" Grant has been submitted. If awarded, could help fund 230 laptops and hotspots for MCC TRIO and WED programs.</li> <li>DHS Cybersecurity Grant withdrawn to challenges in completing grant app by deadline.</li> </ul>	MO Dept of     Economic     Development     could award us     funds to provide     200 laptops and     200 hotspots to     TRIO and 30     laptops and 30     hotspots to WED.     Awards are set to be announced by     January.	Equity

Pending rollout of mandatory secure printing for AC & BP Locations: Matt Wilkinson	Increased document security (jobs don't print until user IDs at printer)     Reduced printing costs (no more abandoned print jobs	extremely rigorous and there was not enough time to complete the application by the deadline. Hoping to go for this grant next cycle — a lot of the information and materials we already have from starting it this cycle.  Rolling out mandatory secure printing for AC & BP locations. These buildings are first because all employees have a prox card. Print jobs are being left by printers and there is not enough privacy with direct printing. There is not yet a set date, but most likely after the beginning of the year right after the semester starts. There will be communication sent out with details and videos. Overtime, this should save us a lot of money. If printing private documents, you don't have to	Learning

			worry about	
			anyone else	
			seeing your	
			document	
			because the	
			documents will	
			not print until you	
			authenticate at	
			the printer.	
A practice	<ul> <li>Short presentation</li> </ul>	•	In early 2024,	Learning
discussion of AI			MCC formed a	
			task force to	
			identify	
	Artificial Intelligence Strategy		opportunities,	
	for MCC.pptx		concerns, and	
	101 MICC.pptx		other aspects	
			surrounding Al	
			technology for	
			MCC. The task	
			force presented to	
			the EC on these	
			topics.	
		•	The need for a	
			strategic plan for	
			AI: AI technologies	
			are rapidly and	
			continuously	
			being added to	
			existing platforms	
			and tools, such as	
			zoom, but as a	
			general use tech,	
			there is still not a	
			strategic	
			direction.	
		•	MCC users are	
			already using the	
			free tools.	
		•	To fully unlock the	
			benefits (including	
			compliance and	
			security), MCC	
			should evaluate	
			and choose an AI	
			standard tool set.	
		•	Microsoft Copilot	
			Ecosystem &	

T	
	Offerings:
	originally
	launched as Bing
	Chat in Feb 2023,
	it was rebranded
	as Microsoft
	Copilot in Nov
	2023. There is a
	paid version which
	would be
	extremely
	beneficial to
	people. \$20 a
	month/user.
•	Copilot for M365:
	integrating into
	productivity
	applications
	(Teams, word,
	excel, PP, outlook)
	the tools you use
	everyday would
	have the benefits
	of animation and
	repetitive tasks.
	\$30/month/user.
•	This would need
	to be an intense
	conversation with
	leadership about
	budgeting for this
	capability.
•	Open AI ChatGPT:
	free version and
	\$20 a month (as
	of now).
•	Current OpenAl
	chatGPT use at
	MCC: some
	statistics about
	ChatGPT use at
	MCC: as of
	12/3/24 there are
	838 MCC users
	registered with
	ChatGPT.
	(majority
	(majority

	students, 76 employees).  • ChatGPT EDU: \$20 per seat per month (300 seat minimum) or \$12 per seat per month (10,000 seat minimum or minimum 50% of total population (students, faculty, computer-using staff)  • Google Gemini: \$20 a month — integrated into Gmail, Docs, and more — 2 TB storage.  • The cost of doing nothing: students and employees will continue to seek out and use various Al tools and platforms available on the internet. MCC will have no compliance and security controls or user analytics. Free tools have very limited capabilities, no economies of	
	compliance and security controls or user analytics. Free tools have very limited	
	economies of scale, and MCC will appear to be reactive rather than proactive when it comes to

end up being a	
part of large	
language model.	
ChatGPT EDU	
does not retain	
that data and they	
are aware of	
FERPA and safety.	
• Tara: From a	
security	
perspective, if we	
are to adopt	
something –	
controlled and	
precise in	
programming and	
it would need to	
be the ONLY thing	
we use. There is	
only so much	
control we can	
have with what	
they actually do	
with the data. If	
we move forward,	
it needs to be	
understood that	
we all use the	
same one, we	
can't use another	
because we like it	
better. Our usage	
needs to be	
intentional, its not	
a free formed	
thing.	
• If we ended up	
going into	
Microsoft copilot	
(as an example),	
we have another
