Defining Success – Strategic Plan Connections
MCC's definition of Shared Governance states that "*MCC affirms and supports shared governance, which is the formal process of collaborating, delegating, recommending, and making decisions related to the issues affecting MCC.*" A key building block of ensuring that the college is *collaborating, delegating, recommending, and making decisions related to the issues affecting MCC,* necessitates that we make intentional connections between the strategic plan and work of the college's councils, council-related committees, task forces, and work groups (i.e, outcomes). To assist with ensuring broad and intentional engagement, it is recommended that each council/committee outline 1-3 'outcomes' each year, with the details as suggested below. The Accountable Executive Cabinet member, as noted on the first page, will be responsible for ensuring that any deliverable is considered as a part of decisions related to the work.
