

Math 110 List of Concepts for Final Exam

- 4 Solve quadratic equations
- 1 Simplify rational expressions
- 3 Solve rational equations
- 3 Multiply/Divide rational expressions
- 1 Add/Sub rational expressions
- 4 Evaluate functions
- 4 Domain and/or range of a function
- 1 Definition of a function
- 3 Find equation of a line
- 1 Find x or y intercept
- 3 Solve 2-variable system of equations
- 1 Applications
- 3 Solve a compound inequality
- 2 Solve an absolute value equation
- 2 Solve an absolute value inequality
- 4 Simplify radicals
- 3 Fractional exponents
- 3 Solve radical equations
- 1 Multiply radical expressions
- 1 Add radical expressions
- 1 Rationalize the denominator
- 1 Graph a linear equation
